## Lodge Wants Republicans To Pick 'Prudent' Candidate

Arrives in Washington to Make His Report on Viet Nam

WASHINGTON (AP) — Ambassador Henry Cabot Lodge flew in from Saigon today saying the Republican party should nominate the "presidential candidate who is prudent, not impulsive, and I think Gov. Scranton is one of the best men."

Speaking at plane-side upon his return at 7:30 a.m. (EDT), Lodge declared flatly: "I cannot be drafted."

He said the whole point of his

resigning the "very interesting" post in South Viet Nam was to come back and help Gov. William W. Scranton in his drive for the Republican nomination.

Plans to Discuss Platform

Lodge disclosed that he will appear at the Republican party Platform Committee in San Francisco July 8. He said he does not—so far, at least—have a ticket for the convention.

Asked for comment on Sen. Barry Goldwater—whose defeat Lodge seeks in the nomination fight—the retiring envoy said he did not want to comment because he wants to take a constructive line, not a negative one.

Lodge got into his comment about "prudent" men this way:

"Having been in a foreign post and seeing how the President makes decisions on life and death matters, with the President having control over the atomic bomb, I believe both parties must nominate prudent men—not impulsive men, and I think Gov. Scranton is one of our best men."

Report to President

Lodge reports to Johnson today on his 10 months in the embattled Southeast Asian nation.

Lodge put on his political hat briefly Sunday soon after reaching Honolulu, his first stop on U.S. soil on his homeward flight. He avoided all political questions from newsmen, but talked politics with Stephen

## 14 Lives Added To Traffic Toll Over Weekend

3 Killed in One Crash, 2 Each in 2 Other Accidents

BY THE ASSOCIATED PRESS

Wisconsin's warm weekend marred by the deaths of at least 14 persons in highway accidents, one crash killing three persons and two others claiming two lives each.

The fatalities, in addition to those of a person injured earlier, brought the state's 1964 highway toll to 464. It was 376 on this date a year ago.

Frederick P. Einsle, 17, and Carl J. Rybka, 49, both of Lansing, Ill., were killed early Sunday when their car crossed the median strip on Interstate 90, 94 near Portage and struck a concrete pillar.

James L. Wycoff, 22, and Edgar Duncan, 21, both of Cumberland, died Sunday morning after a car overturned after missing a curve on Barron County trunk H.

Victor Grzywacz, 58, of rural Portage County Crash Custer, was killed early Sunday in a two-car collision on Portage County Highway J about ten miles northeast of Stevens Point.

Loren Kaiser, 21 months, of rural Edgar, was killed Sunday when a car struck trees and overturned after leaving an intersection of Highway 153 and a town road in western Marathon County. Three other occupants, including the child's older sisters, were hospitalized at Marshfield.

Miss Betty Bohn, 41, of Milwaukee, was killed Saturday night when the car she was

## Sale Announced of Baraboo Staff Village

CHICAGO (AP)—Sale of Staff Village, a portion of the Badger Army Ammunition plant at Baraboo, to Thomas H. Winch of Mazomanie for \$55,250 was announced today by the General Services Administration.

The property includes 25 acres with 16 single family housing units, 6 garages and utility lines.

## Airborne Vaccines

## Immunization for All Minus Needles, Pills

BY STEPHEN M. AUG

DENVER, Colo. (AP)—Whole populations can be immunized against disease without the use of needles or pills, a Denver scientist said today, but human fears prevent use of the new technique.

"We have become accustomed to being injected," lamented Dr. Gardner Middlebrook, director of research at National Jewish Hospital in Denver.

He said that mass immunization through airborne vaccines borne technique could be used as a means of pre-theoretically to fight any infecting tuberculosis, polio and measles.

A big problem now is development of the highly infective immunizing by inhaling vaccines, Middlebrook developed an airborne infection apparatus. Once these are produced, then several years ago. The device biologists will have to collaborate with engineers—particularly on animals at several research centers.

Since 1951 U.S. scientists have made great strides in developing conditions.

# Johnson Says U.S. Will Risk War for Freedom

## Kennedy Sees Poles As Bridge Between Communists, West

Tremendous Cheers for Attorney General on Tour

(Picture on Page 2)

WARSAW Poland (AP)—Encouraged by wildly cheering Polish crowds Robert F. Kennedy called on Communist Poland Sunday night to help promote the new thaw in the cold war.

The U.S. attorney general told Foreign Minister Adam Rapacki that Poland has a unique opportunity to supply a bridge of understanding between the United States and the Soviet Union.

U.S. sources said Kennedy told Rapacki that Poland could play a key role in improving relations because of its membership in the Soviet bloc and the strong ties between the Polish and American peoples.

Dinner in Palace

They met for dinner at Jablonna Palace a former royal hunting lodge 10 miles from Warsaw. They also were believed to have discussed the German territories seized by Poland after World War II. The

Western allies have not officially recognized these as permanent Polish territory.

The meeting followed a triumphant tour of Warsaw by the visiting American despite an official news blackout on his arrival.

Poland's official press and radio maintained silence on the visit but word got around an estimated 6000 Poles jammed the narrow streets around St. John's Cathedral as Kennedy emerged from Mass.

Cheers for Kennedy, U.S.

Shouts of "Long live Kennedy" and "Long live America" greeted the attorney general his wife Ethel and two sons as they rode through Warsaw streets.

"I am not running for president but if I were I wish you could all come to the United States to vote," Kennedy told a crowd in front of Warsaw University.

The Kennedys sat on the roof of U.S. Ambassador John M. Cabot's limousine and waved when swelling crowds stopped the car. The roof partly caved in and they switched to another car.

Polish television carried the first news of Kennedy's Saturday arrival on Sunday night. Newspapers carried short descriptions of his activities today describing the visit as private.

Despite the press silence temperatures in the 90s and a violent rainstorm crowds surrounded Kennedy all day.

Clearly moved by the enthusiasm Kennedy put off his departure until late Tuesday so he could visit Poland's Roman Catholic spiritual center at Czestochowa. He was expected to meet the primate of Poland Stefan Cardinal Wyszynski.

## Italian Leftists Supporting Moro

ROME (AP) — Premier Aldo Moro's leftist allies have united in urging his return at the head of another center-left government to end Italy's 25th post-war government crisis.

Moro's Socialist, Democratic Socialist and Republican allies in the old Cabinet issued statements Sunday calling for a renewal of the coalition with the Christian Democrats.

The Cabinet resigned and Moro was named caretaker premier last Friday after the Christian Democrats lost a parliamentary vote on its proposal to give additional aid for church schools. The leftists abstained on doctrinal grounds.

## Turk Official Criticizes New Peace Proposal

Thinks Acceptance Would Put His People At Mercy of Greeks

BY DAVID LANCASHIRE

NICOSIA, Cyprus (AP) — Dr. Fazil Kuchuk, Turkish vice president of Cyprus, described today as "empty words" a second peace offer by Gen. George Grivas, Greek Cypriot hero of the guerrilla war against Britain.

Grivas repeated his offer Sunday in his first public appearance since returning to the island he helped win independence for in 1959. He called for peaceful coexistence between Greek and Turkish Cypriots in a "free Greek Cyprus."

Promises Amnesty

Grivas promised friendship and amnesty for the island's Turkish minority, which has been locked in a bitter struggle with the Greek Cypriots since December.

Kuchuk said Grivas would put the island's Turks "at the mercy of the Greeks."

While Grivas was speaking, he said, Greeks and Turks were exchanging gunfire in a nearby village and one Turk was killed. "Is this the kind of treatment the general wishes to offer the Turks?" Kuchuk asked.

In a long list of charges he said the Greek Cypriot government had armed thousands of terrorists, brought in others from Greece, and kept the Turks under siege.

Archbishop Present

"Can the general really believe," he asked, "that they who have been so merciless toward the Turks will now suddenly change their mood and become angels?"

Grivas spoke to thousands of Cypriots crowded beneath the walls of Nicosia, on rooftops and in trees. He stood next to Archbishop Makarios, the Greek Cypriot president, and later toured the capital in a car with Makarios.

As Grivas spoke, fighting broke out in Trypini, 20 miles north of Nicosia. The U.N. peace force said the skirmish lasted three hours, killing one Turk and wounding another.

## Woman Found Dead Under Tractor on Farm

ELKHORN (AP) — A physician's wife was found dead Sunday under a tractor she had been operating on the family farm.

The body of Mrs. Eleanor O. Sullivan, 58, was discovered by her husband, Dr. Andrew C. Sullivan of rural Burlington. It was under a mower tractor at the foot of a hill.

Authorities surmised she fell off the machine as it rolled down the hill. But Walworth County Coroner John Griebel delayed a ruling on the cause of death pending the results of a laboratory check.

## Also Advocates Quest For 'Just Compromise' In Order to Gain Peace

BY FRANK CORMIER

WASHINGTON (AP) — President Johnson says the United States "must be prepared to risk war" to keep its freedom, yet ready to "seek just compromise" to achieve peace.

This was Johnson's keynote message Sunday as he ended a three-day trip into Michigan and Minnesota. He took up the matter of war and peace in his only non-political speech of the trip, at a Swedish Day festival in Minneapolis.

Facing thousands of cheering Minnesotans who stood under shade trees in Minnehaha Park, Johnson said:

"Today, as always, if a nation is to keep its freedom it must be prepared to risk war. When necessary, we will take that risk. But as long as I am president, I will spare neither my office nor myself in the quest for peace."

Assuring Friends Freedom

In South Viet Nam, Johnson said, "We are engaged in a brutal and bitter struggle for the freedom of a friend" and "we will stand firm to help maintain

freedom and give them counsel and advice and help as necessary." This was a change from his prepared text, which read, "There too, we will use the force necessary to help them maintain their own freedom."

Johnson had this to say about compromising East-West differences in the interest of peace: "We must remember that differences with others do not always flow from a desire for domination. They can come from honest clash of beliefs or goals. In such cases our strength does not entitle us to impose our interest. Rather, our desire for peace compels us to seek just compromise."

Paths to Peace

In discussing "the several paths we take to peace," Johnson made some pointed statements about the civil rights problem at home in talking about "the ability to adjust disputes without the use of force."

Johnson said that in the pursuit of justice, the nation can find guidance "here in our own

## 11 Die in Weekend State Drownings

Steven Hedtke, New London, Victim of Bear Lake Accident

A 15-year-old rural New London youth, Steven Hedtke, was one of at least 11 persons who drowned in Wisconsin waters over the weekend as thousands of persons sought relief from summer heat at lakes and streams.

Hedtke drowned in Bear Lake, south of Manawa, when two swimming companions were unable to keep the struggling youth afloat after they heard his shouts for help.

The mishap occurred about 1:15 p.m. Sunday, and the body was recovered in about 20 feet of water at 4:45 p.m.

Conducted Search

Conducting a search for the body and dragging operations were members of the Waupaca County Sheriff's Department, Manawa Fire Department and the Clintonville Fire Department rescue squad. Aiding in the search were skin divers from Waupaca, Clintonville and New London.

Ronald Millard and Janet Drier, Hedtke's two swimming companions, told Sheriff Loran Frazier they were swimming about 350 feet from shore when Hedtke began shouting for help. When they reached Hedtke, the two said they were forced to let go of him because his struggling was pulling them down.

The body was taken to the Booth Funeral Home in Manawa, and later transferred to the Kircher Funeral Home in New London.

The youth is survived by his

parents, Mr. and Mrs. Arnold Hedtke, route 1, New London, plus two brothers and four sisters.

Funeral services will be at 2 p.m. Wednesday from the Emmanuel Lutheran Church, New London, with burial in St. John

## Dan Dailey Appears as Papa GI

**BY TV SCOUT**  
 7:30-8 Channel 2) — Vacation Playhouse continues its summer bill of pilot films, which were turned down by the networks, with "Papa GI," a half-hour of well-motivated tears and laughter. Dan Dailey, a former song-and-dance man, is the GI who befriends the tols, played with all-out cuteness by Douglas Moe and Cherylene Lee.

6:30-7:30 (Channel 11) — So, you think you've got cleaning problems? Now what would you do if the mound of dust from your vacuum cleaner turned out to be a monster that is hungry for human energy? That's the crisis in a repeat of "It Crawled Out of the Woodwork" on The Outer Limits.

7:30-9 (Channel 11) — Wagon Train repeats "The Bleeker Story," which has Joan Blondell, strong as an ox but not quite so pretty, ruling the whip over a band of outlaws. (Color).

6:30-8 (Channel 4-5) — "The Wreck of the Mary Deare" is repeated on Monday Night at the Movies. (Color).

8:30-9 (Channel 4-5) — Hollywood and the Stars concludes its two-part rendezvous with the past, with an absorbing account of the early days of talkies. The focus is on the comedians of the era.

9-10 (Channel 2) — "The Beatnik and the Politician" is repeated on East Side-West Side. Alan Askin, the Broadway actor who zoomed to fame via his role in "Enter Laughing," plays a Greenwich Village beat who settles into a sedate neighborhood. Out to just him and his bearded friends and barefooted girl chums is Robert Middleton, an elderly party district leader.

9-10 (Channel 4-5) — The Sing Along With Mitch crowd is in a very patriotic mood tonight as they recall all those tunes which made you feel World War II wasn't as bad as it was. (Color)

9-10 Channel 11—The Breaking Point repeats "Millions of Faces," which has Rip Torn posing as a doctor and Jan Sterling, a tight-lipped nurse with a tight-lipped mind, out to expose him.

## Superior Flow Called Insufficient for Lakes Michigan and Huron

**TORONTO (AP)**—Dr. George Langford, director of the Great Lakes Institute at the University of Toronto, says the increased flow to be released into Lake Michigan and Huron from Lake Superior will have an insignificant effect on low water levels.  
 Sen. Hart, D-Mich., said in Washington Thursday the Canada-U.S. International Joint Commission had agreed to release an extra 10,000 cubic feet of water a second from Lake Superior into Lakes Huron and Michigan. The water would be released through a canal at Sault Ste. Marie, Mich.  
 Langford said the 2.4 inches to be taken from the 31,820 square miles of Lake Superior must cover 45,870 miles of the other two lakes.

Fifi D'Orsay, the Saucy French bombshell who caused the screen to sizzle during the early 1930's, returns to Hollywood after an absence of 20 years for a featured role with Tony Curtis and Christine Kaufmann in Universal's "Wild and Wonderful" now playing at the Viking. For her portrayal of a buxom cook, a former bearded lady in the circus, Fifi was padded to look 50 pounds heavier. The photo, left, shows the French beauty in her heyday.

## Big Hollywood Parties Not Quite Thing of Past

Frank Sinatra Tosses Lavish

Affair at Warner's Night Club Set

**BY BOB THOMAS**  
 HOLLYWOOD (AP) — Parties to celebrate the end of shooting on a movie have become scarce in economy-minded Hollywood.

They are still thrown with a lavish hand by Frank Sinatra. Take the one he tossed for the finish of "None But the Brave." Three hundred persons crowded into Stage 17 at Warners which had been converted into a night club set. They included members of the cast and crew, their wives and dates, studio department heads, members of the Sinatra cabinet, and Miss Angie Dickinson, the current Sinatra date.

Two bars flowed with the best of libations. A combo played while the guests re-lived memories of the Hawaiian location and studied a long gallery of photographs from the film. There was much camaraderie between the Americans and the Japanese actors who played enemies in the Pacific war script.

Sinatra, who made his debut as a director in "None But the Brave," greeted the guests at the door and planted kisses on the wives' cheeks. Midway in the party the combo sounded a fanfare, and cast member Brad Dexter took the floor.

The actor, who helped save his leader from the briny in the Hawaiian surf, presented Sinatra with the company's gift:

## Russian Designing Hydrofoil Vessels

**MOSCOW (AP)**—Soviet ship designer Rostislav Alexeyev has joined two turboprop engines from an IL18 airliner with a ship's hull named "Stormy Petrel" and propelled 150 passengers at 68.75 m.p.h., Tass reports.

The Soviet news agency said this is the first of a fleet of such hydrofoil ships and an advance over the May Alexeyev diesel-powered hydrofoils now in river service.

# Collectors Tour Mahler Home

A Shady Spot Under a big tree attracted paperweight collectors Saturday afternoon during their

tour of the Ernst Mahler home in Neenah. Guests are shown above on the rear lawn of the home.

The weather was hot and sunny, and the home of Mr. and Mrs. Ernst Mahler, 1450 E. Forest Ave., was cool and inviting. Those attending the national convention of the Paperweight Collectors' Association were delighted to find a cool spot in the lovely home or on the handsome grounds and just visit.

The two-day meeting was held at the invitation of the John Nelson Bergstrom Art Center and Museum. A luncheon was held Friday noon and lectures for the collectors took place at the Neenah Public Library.

Among the topics discussed formally at lectures and informally throughout the convention were "New Materials on Paperweights," "Art Glass," "Further Visions from the Glory Hole," and "Lamp Work, Its Significance to Paperweights."

Talking in the Mahler living room, above, are Mr. and Mrs. Russ Ward and Neenah Mayor Carl Loehning. The John Nelson Bergstrom Art Center and Museum sponsored the convention. The paperweight collection of the late Mrs. John Bergstrom is the focal point of the museum. (Post-Crescent Photos)

# Circus Marches 'round Town

Youngsters in the Foster School Playground area who see each other every day had a few moments' difficulty recognizing friends who turned up in the guise of strangers. Talking before the group began its march down neighborhood streets, above, are Tony Van Rooy, Maureen Schulz and Debra Van Rooy. Below, making a final adjustment to the streamers on her bike, is Terry Long.

The only thing that beats watching a parade is marching in one. The youngsters who populate the Appleton Recreation Department Playgrounds during the summer found out Wednesday evening that a float is best made from a wagon or a bicycle, and that costumes and fantasy are hard work.

Awards were presented at each playground for the best clown costume, the best decorated wagon and the best float. Special awards also went to outstanding efforts in the costume department.

The parades ended with marshmallow roasts and community sing-alongs.

Every Character from the wild west hero to the lovely young aerialist made an appearance at the Foster Playground Circus parade. Above, 'before showtime,' are Jim and Judy Johnson, Julie Van Rooy and Ronald Johnson. At left, royalty rode in the grand manner, pushed by Jan Schultz and pulled by Rachael Hessler. Seated in style were Joey Schultz, Laurie Schultz and Chuck Heinz. (Post-Crescent Photos)

## Sheinwold Time of 'Arrival' Critical

According to the late Professor Albert Einstein, time is the fourth dimension. It's not enough to know where you're going; you have to know when to get there. If you don't believe it, we have a bridge hand to prove that Einstein was right.

The plan was to get back to dummy and ruff another spade with the jack of hearts. Then back to dummy again to draw trumps. Declarer would then be able to discard dummy's last low spade on the ace of diamonds, after which dummy would be good.

The plan involved getting to dummy twice after ruffing a spade with the ace of trumps. Both players knew where they were going. The question was when to go.

Wrong Time  
The first declarer led his remaining low trump to dummy's ten immediately after ruffing the first spade. Then he ruffed another spade with the jack of hearts. West, out of spades, discarded his singleton club. That was the end of the grand

slam. South could not get back to dummy to draw trumps. If he led a club, West would ruff. If South ruffed a diamond in dummy, West would wind up with one trump more than either dummy or declarer.

At the other table the declarer was Don Krauss, young Los Angeles expert (and a student of Einsteinian theory). After ruffing the first spade, Krauss got back to dummy immediately by leading a club to the king.

It was safe to do so at this time. It would not be safe later. The card was the same; only the time was different.

Krauss ruffed another spade with the jack of hearts and still had his low trump to lead to dummy. It was easy to draw trumps and take the rest of the tricks with high cards.

It just shows what you can do with a deck of cards if you study Einstein.

# Wife's False Sense of Modesty Will Create Warped Ideas

**BY ANN LANDERS**

DEAR ANN LANDERS: My wife and I have been married 12 years. She still undresses at night in the clothes closet, with the lights turned off.

I mentioned this casually because I didn't want to make an issue of it. She became upset and said I was lecherous and something must be wrong with my mind. This was five years ago and I haven't brought it up since.

We have two children and are happily married. I have no complaints except this. If you can tell me why my wife behaves this way I will find it easier to accept. May I hear from you?

—Black Out

Dear Black Out: A woman who must hide from her husband while undressing (for 12 years yet) has some badly warped ideas about her body. These ideas were undoubtedly drummed into her when she was a child.

In an effort to teach their children modesty parents sometimes give the impression that there is something nasty about the body. The children grow up ashamed and inhibited. They feel they must hide that which is evil, and darkness is best for hiding.

Judging from the little you've told me I think you are fortunate you haven't had more serious problems with your wife.

DEAR ANN LANDERS: Our 15-year-old son almost tore the roof off the house because I picked up one of his hi-fi records with my bare hands. He said perspiration and natural oil from human hands ruin the grooves in the records and destroy the authenticity of the sound. When he puts a record on or takes it off he uses a soft cloth.

This isn't all. He now tells me that soon he will have to buy another needle for the machine and that it has to be a diamond stylus because the needle we now have has been in use almost 150 hours. The new needle will cost \$19.95.

Have I gone nuts or have times changed that much? I'm an old relic like you, Ann, born back in 1917. Please comment.

—Doddering Old Fool of 47

Dear Doddering: Yup, Dad, times have changed. When we were kids anybody who owned a little ol' table model phonograph was a real gosh-darn it, and a 15 cent needle was the bee's knees. Today if a kid doesn't have stereo he is considered culturally deprived.

The current crop of teenagers have a healthier respect for records than we had, and that's good. It encourages interest in fine music. So keep your lip zipped, Dad, and be glad your son isn't out stealing hub caps.

DEAR ANN LANDERS: Our 17-year-old daughter who graduated from high school this June has told us she is pregnant. Her steady boy friend is 20.

These two want to get married. They say they are in love and are sorry they lost control of their emotions. The boy has had three years of college. He is putting himself through by working part time and wants to continue until he gets a degree so he can teach.

I say these kids are too young to get married. If they are really in love they can wait a while. After the baby comes my daughter will be able to think more clearly. Right now she is an emotional wreck and thoroughly confused.

You have said in your column dozens of times that shotgun weddings are no good. Please say it again and I will show it to them.

—Chattanooga Father

Dear Father: What I have said is this: I am opposed to dragging a boy to the altar and forcing him to marry the girl.

Unwilling grooms make rotten husbands and worse fathers. This boy is not unwilling, however. He wants to marry your daughter and I hope you will not try to stand in their way.

"The Bride's Guide," Ann Landers' newest booklet, gives authoritative and complete information on how to plan a wedding. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed stamped envelope and 35 cents in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## Kookie Hat For Beach

Who ever said sailor hats are only for sailors? If they're gal-ly trimmed, teen-agers can be as bright as buttons in them and still look like girls. These hats are fun to do and even more fun to wear. Trim them in your school or club colors, or to match your beach outfits.

Stitch a continuous row of rick-rack over the "V" markings in one color. Now stitch a continuous row of rickrack over the "V" markings in one color. Now stitch a continuous row of rickrack in one of the other colors, following same design and stitching the new row close to first. Take the third color and do the same thing, this time stitching on the other side of the first row.

Figure 4: You'll need 2½ yards of single-fold bias tape; 1½ yards of jumbo rickrack.

**Pat Scott**

Figure 1: You'll need 2-3 yards of single-fold bias tape; four yards of rickrack.

To Trim: Mark vertical rows on brim, as guide for rickrack, one inch apart. Cut rickrack into  $\frac{1}{2}$  inch strips. Cover each marking with a strip of rickrack and stitch to brim. Leave

Figure 5: You'll need 2 1-3 yards of jumbo rickrack in two colors (2 1-3 yards of each color).

**To Trim:** Cut 13 strips of rickrack in one color, measuring off seven points for length. Cut 12 strips in the second color, same length. To make each flower, take a strip of rickrack and join ends to form six points on one side of rickrack. With a needle and thread, stitch in and out at each point along full length of strip. Pull thread, drawing points to the center. Shape petals and secure center with handtacking. Do this with all of the 25 strips. Pin flowers to hat evenly spaced, alternating colors. Hand-tack each in place.

Hint: When applying trim, invert the hat and it will be a cinch.

## 'New Tax Cut' To be Discussed By Optimists

"The New Tax Cut" will be discussed at the Tuesday morning meeting of the Appleton Breakfast Optimist Club.

Speaking will be Val Kopitzke, professor of economics of the University of Wisconsin Fox Valley Center.

The Appleton Rotary Club will install William Zuehlke Jr. as its new president in a "Changing of the Guard" ceremony at its noon meeting Tuesday. Atty. Douglas Robertson will speak on wills and estate planning at the Tuesday meeting of the Kiwanis Club of Northside Appleton.

Downtown Kiwanis Club members will hear Robert Thoms, dean of boys and guidance counselor at Neenah High School, speak at their meeting Wednesday noon.

Herbert Helble, retiring principal of Appleton High School, was scheduled to speak on "How to Live to be One Hundred" at today's noon meeting of the Appleton Lions Club.

## 12 Million Gallons Used Saturday Exceeded Capacity of Municipal Facilities First Time in History

Water-conserving regulations went into effect in Appleton today.

A proclamation calling for sprinkling restrictions was issued by Mayor Clarence Mitchell as the aftermath to a weekend emergency.

For the first time in history, according to Water Supt. William Gallaher, the demand for water exceeded the pumping capacity at the local plant.

More than 12 million gallons of water was pumped through the city's system Saturday as residents sweltered in 90-degree temperatures.

As the mercury hit 90 degrees shortly after 3 p.m. Saturday, Gallaher reported the demand for water was exceeding the pumpage rate by 1 million gallons, triggering a heavy run on storage tanks.

93 Degrees  
Sunday, the city's official high, recorded between 3 p.m. and 5 p.m., was 93 degrees.

The emergency was declared late Saturday afternoon and radio stations broadcast requests that residents discontinue sprinkling so storage facilities could be replenished.

"If we would have had a fire of any size in Appleton Saturday afternoon or night, there would have been trouble," Gallaher said.

Improved by Sunday  
"However, we were in good shape again by Sunday afternoon," Gallaher added.

Gallaher said sprinkling restrictions were necessary because of "drought" conditions in the area. The regulations will be in effect until Sept. 1.

Because the water department attempts to refill its storage tanks between 5 p.m. and 8 p.m. daily, the restrictions will cover that time.

Residents with odd-numbered house numbers can sprinkle Tuesday, Thursday and Saturday. Those with even numbers will be permitted to sprinkle Wednesday, Friday and Sunday.

## Supermarket Chain Planning Appleton Store

### Firm Requests Plan Commission To Change Zoning

Representatives of the Sentry Foods chain today outlined plans for a supermarket in the 400 block of E. Wisconsin Avenue.

Officials told the Appleton Plan Commission a 20-foot strip to the rear of the proposed building site needs to be rezoned from residential to commercial.

They asked the commission to expedite the rezoning request so building plans could be completed and construction started soon.

### The building would be 140 by 126 feet, with 17,740 square feet of floor space.

### 400 - Foot Front

The site has 400 feet of frontage on Wisconsin, and is 157 feet deep, the commission was told.

Sentry officials, in answer to a question by Ald. Orville Strutz (17th), said the building would not affect the rear yards of property owners on Randall Street.

Under the city's rezoning procedure, it would take three months to rezone the 20-foot strip.

### City Cooperation

The commission told Sentry representatives the city would cooperate, but the people in the area would also have an opportunity to express themselves on the building project.

It took no action on the firm's informal request today, but agreed to meet again Tuesday at 1:30 p.m. to receive recommendations from City Planner Walter Rasmussen and Public Works Director Robert W. Bues.

Sentry officials were advised to confer with Rasmussen and Bues and outline their plans.

At least three buildings would be razed for the project.

## Attorney Can't Make Appleton Meeting, Delays Labor Talks

Attorney Robert Sundby of Madison was unable to come to Appleton today, forcing postponement of a meeting of the council's personnel committee.

Sundby recently was hired by the city to represent it in labor matters.

The city and Teamsters Local 863 will enter into factfinding under the supervision of the Wisconsin Employment Relations Board (WERB) in mid-July.

Sundby will prepare the city's brief and represent it in further 1964 contract deliberations with the union.

## Appleton Woman, 97, Dies After Illness

Mrs. Anna Briese, 97, one of Appleton's oldest residents, died at 8:30 p.m. Saturday after a long illness. She lived at 720 E. Eldorado St.

Mrs. Briese, a member and honorary deaconess of the First Congregational Church, is survived by two daughters and a son, Harold "Pete" Briese, auditor-vital administrator of the Appleton Public Schools.

Private funeral services will be held Tuesday at Valley Funeral Home.

## Tractors, Tots Can Be Lethal Mixture

### 2 Outagamie Children Lost Lives In Farm Mishaps in Five Weeks

Farm tractors and children can be the ingredients of tragedy.

During the past five weeks the lives of two Outagamie County youngsters were snuffed out by tractors or implements they were towing. Most recent victim of perennial summer outbreak of fatal mishaps was five-year-old Lyle Young Jr., son of Mr. and Mrs. Lyle Young, route 2, New London. The tot died Saturday afternoon under the wheels of a wagon after toppling off the tractor he was riding.

May 25 Angeline Van Schindel, 11, route 4, Appleton, was crushed to death when the tractor on which she was riding overturned.

Coroner Bernard Kemps issued a warning to farm families today of the potential dangers to children who play near or ride on farm machinery while it is in operation.

Kemps said the two deaths this year, though tragic, are not unusual. "In recent years several children were killed when they fell from tractors and were crushed by implements the tractors were pulling," Kemps said.

"If this dangerous practice isn't stopped there will be an ever-increasing toll of young lives lost due to the greater number of farm tractors in use in the county," Kemps said.

### Lethal Combination

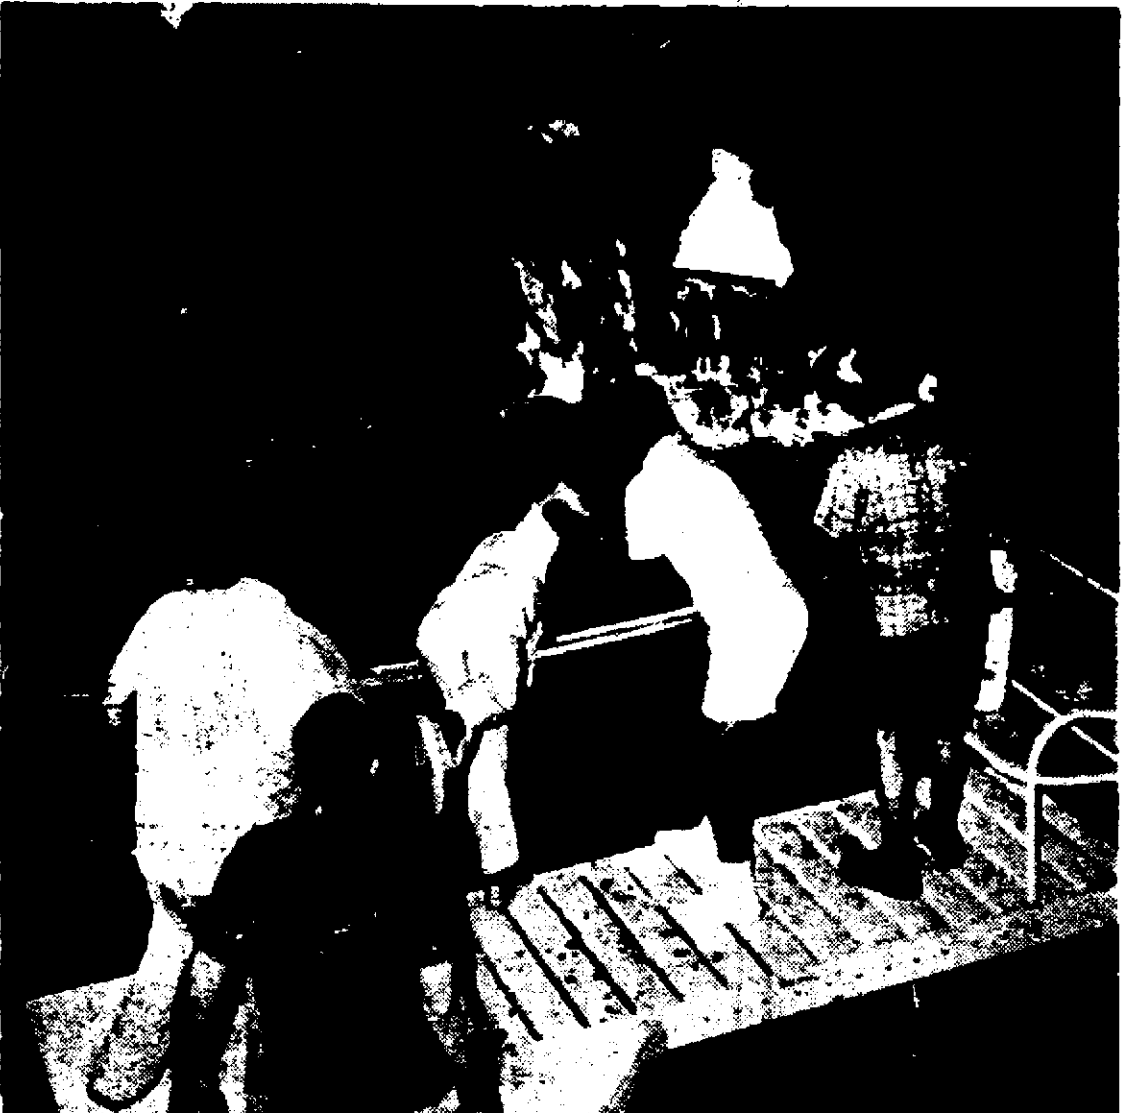

A combination of farm tractors and machinery is lethal if misused, a study conducted by the State Board of Health shows. Together they took the lives of 131 farm residents, an average of about 44 a year during the three-year survey period. Of that total, tractors accounted for 92 lives of which 10 were children under 14.

Of the 39 lives taken by machinery, 13 were under 14 years old.

The mounting pressure of harvest and haying work and the carelessness which stems from haste are blamed for many of the fatal farm accidents, the researchers said.

### Car Damaged

LITTLE CHUTE—Mark Rabi-deau, 906 Roosevelt St., Kaukauna, reported to police the rear fender, tail light and bumper of his car was damaged while it was parked on McKinley Street sometime Saturday night while he attended the American Legion picnic.

Four Girls Escaped Injury when the engine on this 17-foot boat exploded and set the craft on fire as one of the girls attempted to start the motor. The incident occurred Sunday night on Sunset Lake, three miles west of Waupaca. The boat, owned by E. M. Lee, was towed to shore where Waupaca firemen extinguished the blaze. (Post-Crescent Photo)

## Appleton Plan Unit Reverses Zoning Action

### Approves Request To Allow Building Of Apartment House

Property at the northwest corner of Hubert and Pine streets was recommended for rezoning today to permit construction of an apartment building.

Members of the Appleton Plan Commission took action after receiving a rezoning request from L. R. Radloff. He asked it be changed from single to two-family district.

In 1961 the commission and common council denied an identical request by Radloff.

### Repeats Recommendation

Today, City Planner Walter Rasmussen repeated the recommendation he made three years ago.

"This rezoning appears to be compatible with the character of this area. With the anticipated buildup of the industrial park area, some consideration should be given to the location of an area suitable for two family or multiple family residential development."

In other action today, the commission:

— Recommended property at 2600 N. Richmond St. be rezoned from residential to commercial. It is the second time the recommendation has been made to the council.

— Referred to the engineering division a request from Arthur H. School to have the city deed him one foot of property over a three-address strip on N. Mason Street.

## 'Pig Fair' Case Continued to July 22 by Oshkosh Judge

OSHKOSH—Winnebago County Judge James V. Sitter today continued until July 22 a hearing of charges against a Butler man and his daughter-in-law stemming from a disturbance Saturday at Valley Fair Shopping Center's "Pig Fair."

Mrs. Gladys Bree, 28, said her father-in-law, William Bree, 67, was sick and unable to be in court.

No plea was entered, and Sitter set bond on disorderly conduct charges against the two at \$200.

Winnebago County Police said Bree, who travels the state selling produce, three weeks ago was ordered to leave the "Pig Fair," but refused.

Saturday they were ordered out again by James E. Vosper, head of Valley Fair Shopping Center Corp. The sheriff's department was called and a formal complaint filed.

Police said when Bree and his daughter-in-law were ordered to remove their truck, they became abusive.

Vosper said the fair welcomes local produce sellers, but not those from outside the Fox Valley area.

## Five Appleton Tavern Owners Still Without Operating License

Five Appleton taverns will have to close doors if the owners do not obtain new licenses by Tuesday's 5 p.m. deadline, City Clerk Elden Broehm said today.

"I have notified the owners that if they do not meet the deadline, police will be instructed to shut them down at Tuesday midnight," Broehm added.

The start of the new licensing year is July 1. Under the law, no tavern can be permitted to operate without a license after that date.

Appleton has 82 taverns.

## Planning Unit Dodges Stand Appleton Group Noncommittal on Clearance Policy

The Appleton Plan Commission dodged taking a stand today on a standard bridge clearance policy suggested to the U. S. Corps of Engineers by the Wisconsin Highway Commission.

It has been proposed that the maximum clearance be 25 feet for any future bridge to be constructed over Little Lake Butte des Morts.

Present policy is now 550 feet from the high water line, such as the College Avenue and Memorial Drive bridges.

While plan commissioners had no specific objections to the state-proposed policy, they indicated a lack of information prompted them to take no action.

Previously, the Appleton Board of Public Works and City of Menasha went on record for the 25-foot clearance proposal.

It was explained such a policy for fixed bridges would require large cruisers to take down antennas, and sail boaters to lower masts.

Gene Franchett of the Fox Valley Regional Planning Commission said he thought the 25-foot clearance was "reasonable."

## Rural DePere Man Given 10-Day Sentence

Henry Jordan, route 2, West De Pere, was sentenced to 10 days in the Outagamie County jail under Huber Act provisions after pleading guilty today to a charge of disorderly conduct. He appeared in Outagamie County Court, Branch 2.

Jordan was arrested by the Outagamie County patrol early Saturday morning after it received a complaint of a disturbance at his rural Town of Oneida home.

## Appleton Student at UW Surveying Camp

MADISON — Dennis Green, 1418 N. Union St., Appleton, is among 42 civil engineering students of the University of Wisconsin gaining practical experience this summer in the first of two 6-week sessions at a summer surveying camp in the Namekagon Lake and River Country. The first session runs through July 18.

Such an offer would pave the way for condemnation and the city could take possession of the accelerated the auto and began property. The owners would traveling at speeds up to 90 mph.

In the event agreement is not reached, Mayor Clarence Mitchell, City Atty. Frederick Froehlich and Public Works Director Robert W. Bues have been directed by the council to serve a jurisdictional offer on the owners.

Responding to a radio call, Outagamie County Patrolman Irvin Partika approached Mauel's auto from the rear and Mauel passed Powell's auto, Mauel said.

He said the youth was arrested when he turned into a farm yard and came to a stop.

## Resume Talks on Acquiring Land For Intersection

Appleton officials resumed negotiations today with owners of small pieces of property needed for widening the Prospect-Memorial intersection.

In the event agreement is not reached, Mayor Clarence Mitchell, City Atty. Frederick Froehlich and Public Works Director Robert W. Bues have been directed by the council to serve a jurisdictional offer on the owners.

Mauel told the court he noticed Powell's auto traveling at a high rate of speed and began clocking it at the county line.

Mauel said he turned on the red light of his patrol car after clocking Powell at 80 miles an hour for a mile.

Powell's auto turned right on Outagamie County Trunk S and slowed to 20 miles an hour, according to Mauel. Mauel said he warned Powell to stop over the car's loudspeaker, but the youth accelerated the auto and began property. The owners would traveling at speeds up to 90 mph.

This Cactus Plant was given to Mrs. Carl DeBruin, Kaukauna, some three years ago by a friend. Since then, until recently, it has been just an attractive house plant the name of which no one seems to know. Then for no apparent reason, it burst into blooms measuring almost eight inches across. Since January there have been 35. (Post-Crescent Photo)

# Temperatures Reach Toward Record Highs

CONTINUED FROM PAGE 1

precipable rainfall today and Tuesday — and there's an excellent chance there won't be — this monthly amount will be the lowest since 1912 when there was .17 of an inch.

It also will be the third June since 1901 in which there was less than 1 inch of precipitation. There has, in fact, not been much rain since the first two weeks in May. During that period, there were three days in which each had more rain than we're likely to end up with for June. May's monthly total was 5.24 inches.

If these records of temperature and precipitation — which were reported by Colby Ardis, senior engineer of the Wisconsin-Michigan Power Co., which keeps track of Appleton weather data — are no indication of how hot it's been, perhaps the statistics for the Appleton Swimming pools may prove the point.

**High Attendance**  
Both reported much higher than usual attendance during the past week.

As the week progressed, it got hotter and hotter and attendance at the pools climbed almost in line with the temperature.

Monday through Sunday totals at each pool were:  
Erb — 1,371; 1,642; 1,737; 3,980; 2,853; 2,450, and 1,045 for a total of 13,898.

Mead — 1,550; 1,530; 1,777; 2,312; 3,274, and 1,415 for a total of 14,319.

And it was hot throughout most of the state and Midwest.

**State High**  
Wisconsin's highest reading Sunday was 95 at Wauwatosa and Pewaukee while almost the entire state reported above 90 readings. Other highs included Green Bay 94, Burlington, Madison and Eau Claire 93, Lone Rock and La Crosse 92, Milwaukee and Wausau 91 and Racine and Beloit 90.

The mercury dropped to 63 overnight at Lone Rock and Eau Claire while other lows across the state included 64 at Madison and Green Bay, 65 at Beloit and Wausau, 66 at Milwaukee, Superior, Park Falls and La Crosse and 67 at Racine.

Blythe, Calif., recorded 110, the nation's highest temperature Sunday. The overnight low early today was 34 at Missoula, Mont., and Mullan, Idaho.

**Sticky Streets**  
The hot weather has not been much help to Appleton streets, either. A city street department official said today some crack and joint fillings had become sticky.

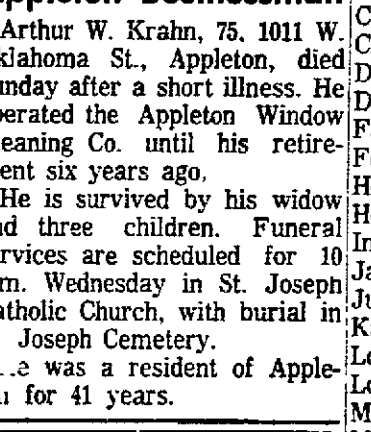

The dry, hot weather — ideal for street grading — came at the wrong time. Only one Appleton street is ready for such work.

**Set Services for Appleton Businessman**  
Arthur W. Krahn, 75, 1011 W. Oklahoma St., Appleton, died Sunday after a short illness. He operated the Appleton Window Cleaning Co. until his retirement six years ago.

He is survived by his widow and three children. Funeral services are scheduled for 10 a.m. Wednesday in St. Joseph Catholic Church, with burial in St. Joseph Cemetery.

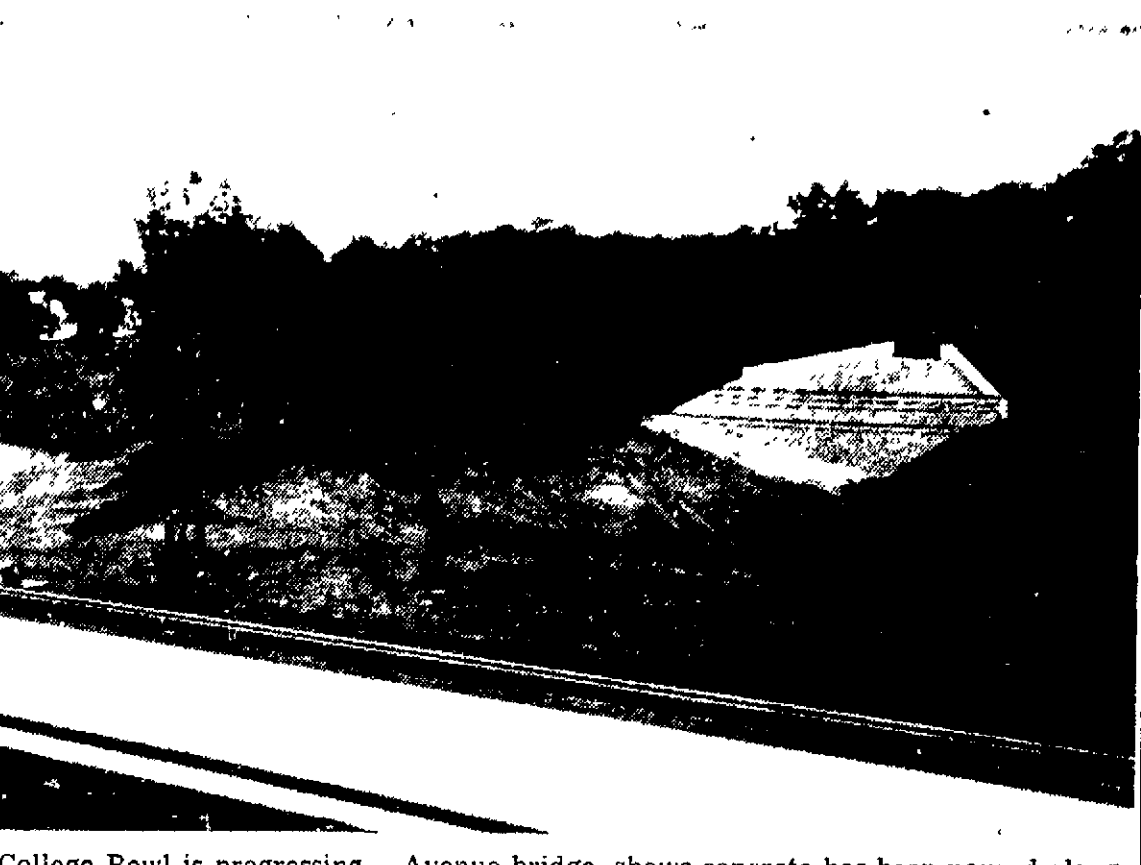

He was a resident of Appleton for 41 years.

Work on the Lawrence College Bowl is progressing on schedule, according to College officials. The 5,000 seat stadium is expected to be ready by fall of 1965. ## Police Search For Molester

### Man Also Suspected Of Stealing Cars In Calumet County

**CHILTON** — Calumet County Sheriff Department authorities are continuing a search for a man accused of molesting a 13-year-old Kiel girl and possibly linked with the theft of two cars since June 22.

The mother of the girl, in a statement to Sheriff C. J. Kosmosky, said a man appeared at their home in Kiel about 3:30 p.m. Tuesday asking if the family had a daughter who could "baby-sit" with his children. He said his mother-in-law was dying and the family needed someone immediately to stay with the children. He said he lived about two miles out of town.

The girl told police the man drove into a gravel pit near New Holstein where he allegedly molested her.

She fled from the car and ran to a farm house where she telephoned home.

County police, who were searching for the man found an abandoned car near Meggers Corners on State 57. The car matched the description of the one driven by the unidentified man the Kiel housewife and her daughter had given the police.

A check of license numbers revealed that the car belonged to the Annen Brake Service Company, Fond du Lac.

A spokesman from the Fond du Lac firm said the vehicle had been stolen from their parking lot about 3:30 p.m., Monday.

Wednesday the Calumet County Sheriff's Department received notice that a car was stolen in New Holstein about 7 p.m. The car was last seen being driven toward Chilton by a man meeting the description given of the man who had molested the Kiel girl.

The second auto has not been recovered.

the restriction on his driver's license which limits his driving to a 30 mile radius of Waupaca. Judge James V. Sitter fined him \$175 and revoked his license for a year.

Cartwright admitted falling asleep behind the wheel and his car went into the ditch off State 110 in the Town of Winneconne. Monday morning to violating about 40 miles from Waupaca.

## Two St. Norbert Graduates to Take Mexican Teaching Jobs

Two Fox Valley June graduates of St. Norbert College, De Pere, have been assigned to summer teaching jobs in Mexico.

Peter Hoffman, Chilton, and Ed Hammen, Little Chute, will be working in Temporal, near Veracruz, for the Conference of Inter-American Students Projects.

The young men will teach English courses and conduct sports and social programs. They also will help with the construction of a new school. The pair will live with Mexican families during their stay.

**Integral Members**  
On completion of the summer work, the two graduates will spend the year in San Antonio, Tex., as members of the Catholic Lay Mission Corps. There, they will live with a group and be expected to attend daily mass to become "integral members of the parish in which they reside."

Hammen is the son of Mr. and Mrs. Ambrose Hammen. At St. Norbert, he was a history major and a member of the Varsity Club, Sigma Beta Kappa Fraternity and varsity football.

Hoffmann, son of Mr. and Mrs. Joseph Hoffmann, also was a history major, member of varsity track and football Varsity Club and Sigma Beta Kappa, was listed in "Who's Who in America" Colleges," and has had experience in student teaching.

# Braves Sweep Pair, Gain Seventh Place

## Schneider Faces Cards Tonight

MILWAUKEE (AP) — It was hotter than you-know-what Sunday at County Stadium, up there in the 90s, but it didn't seem to bother the Milwaukee Braves too much.

While a sweltering crowd of 11,544 ate hog dogs and drank assorted coolants, including the city's more famous products, the Braves went about their business and defeated the New York Mets 7-6 and 9-0.

The twin victories enabled the Braves to leap from ninth to seventh place in the National League and gave them a modest three-game winning streak. They took the Mets 9-6 on Saturday.

Denny Lemaster, the winning pitcher in the opener, felt the heat most and left after seven innings, ahead by two runs. Bob Tiefenauer relieved him and weathered a ninth inning when the Mets scored twice.

The Braves counted six runs in the first inning and ruined Darrell Sutherland's major league debut.

Oliver Triples  
A two-run triple by Gene Oliver, the first of three hits by the first baseman, was the key blow in the assault. It followed singles by Dennis Menke and Henry Aaron, plus two walks, and finished Sutherland. Rookie Bill Wakefield then came in and was greeted by singles by Rico Carthy and Frank Bolling in addition to a sacrifice fly by Lemaster.

The Mets retaliated with four runs in the third on four singles and an error. They dissipated three scoring chances before coming through in the fourth with a pair of runs on four straight hits.

The margin of victory was a run off Willard Hunter in the seventh. Oliver singled, Carthy smashed a double off Hunter's leg and the run came in on Bolling's infield out.

Tony Cloninger yielded only

## Lema Defeats Palmer In Cleveland Playoff

BY FRITZ HOWELL  
(CLEVELAND AP) — Arnold with Palmer. He birdied No. 14 in two strokes from 45 feet for the future about lending another on No. 16.

He was one ahead coming to about six weeks ago Tony Lema broke the weapon he had six feet from the hole. He was using on the greens, and shooting for a course-record 63 big-hearted Arnie lent him one if he could sink it, and he could also force Palmer, who was a pair of threesomes back, to birdie the last two holes to tie.

But the putt rolled eight inches past the cup. He was careful Palmer out of the \$20,000 top prize in the \$100,000 Cleveland Open Golf Tournament. Palmer settled for second place and \$12,000.

Arnie and Jack Nicklaus, at the end of 54 holes, were deadlocked at 11-under-par 202 and three strokes ahead of the field. Lema birdied the first extra hole with a 15-footer, giving him the verdict and reversing last year's decision in the same tournament when Palmer beat him 67 to 70 in a playoff.

Nicklaus finished two strokes shy a magic wand, then stepped off the pace at 272, deadlocked to the act. He sank putts of 15, 13, 8, 5 and 18 feet for five Muleshoe, Tex. The latter's \$6,000 straight birdies to end the front 250 payoff was the biggest of his career and he was deadlocked career.

## Bluth Hits 300 Game in Spokane Test

SPOKANE, Wash. (AP)—Ray Bluth of St. Louis rolled the second perfect game of the \$21,000 Spokane Pro Bowling Open finals Sunday night in winning his first PBA championship.

Bluth opened the evening round in fourth place, 132 pins behind Les Schissler of Denver, who rolled a 300 in the afternoon session, and ended as the halfway leader.

## Twins Acquire John Klippstein

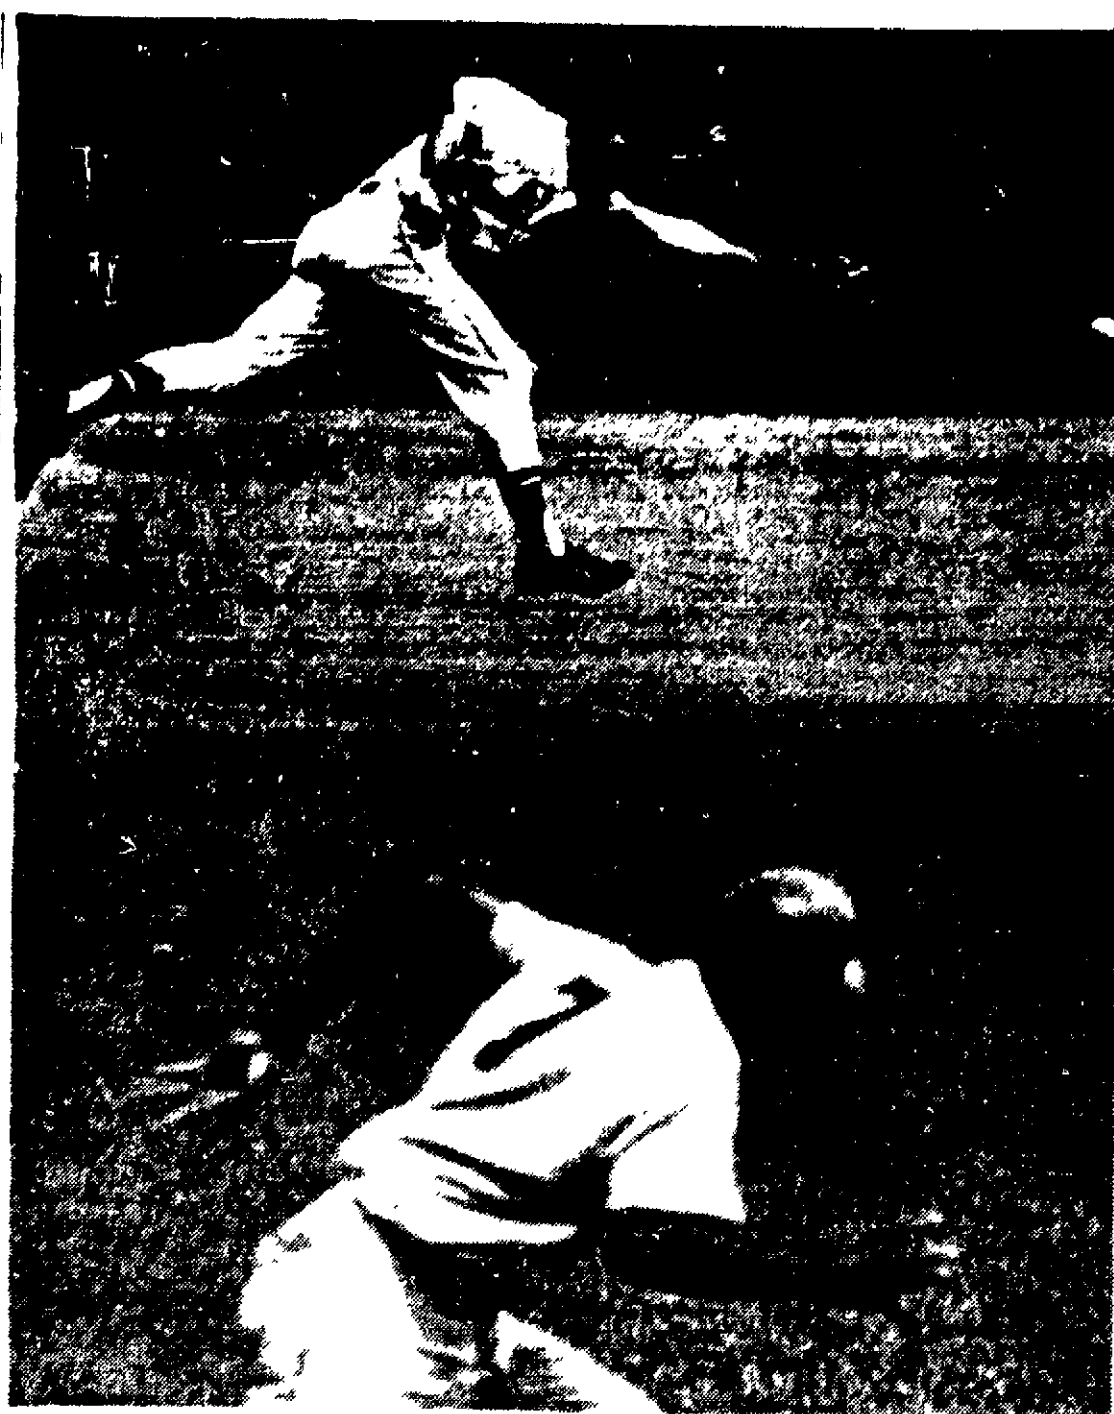

ST. LOUIS (AP) — The Philadelphia Phillies announced the sale Sunday of veteran right-handed pitcher Johnny Klippstein to the Minnesota Twins. The Phillies also announced the return of pitcher Cal McLish to the active list. McLish had been on the disabled list with a sore arm since the beginning of the season.

Reliever Klippstein had appeared in 11 games and had a 2-1 record and a 4.09 earned run average. He was 5-6 for the Phillies last season.

McLish, 38, a right-hander, was 13-11 last season with the Phillies.

BY THE ASSOCIATED PRESS  
BATTING — Felix Mantilla, Red Sox, slugged five hits including two homers and drove in three runs as Boston swept a doubleheader from Cleveland 8-5 and 4-3.

PITCHING—Diego Segui, Athletics, pitched a four-hit shutout as Kansas City stopped Los Angeles 4-0 for the Angels' second straight defeat after an 11-game winning streak.

Amado Samuel (7) of the New York Mets digs hard for first as his grounder eludes Milwaukee third baseman Eddie Mathews for a six inning single in the first game of a doubleheader at County Stadium Sunday. The Braves won both games, 7-6 and 9-0.

## 4-Run Fifth Decisive in Exhibition Tilt

DAVENPORT, Ia. — The Southern All-Stars won the battle of the Midwest League's top players here Sunday with a 6-3 verdict over the Northern contingent.

Six members of the Fox Cities Foxes performed for the Billy DeMars-managed Northern squad.

The Northerners jumped off to a 2-0 lead in the second inning when Al Montreuil opened with a single and scored on Bob Montgomery's homer over the left field wall.

The Foxes' Dave May singled in the third and crossed the plate on Montgomery's double for a 3-0 lead.

The Southern unit scored twice in the bottom of the third on a roundtripper by Quincy's Bob Iglesias, after Eusebio Rosas singled.

## Giants Take Over NL Lead With 1-0 Win Over Dodgers

### Phillies Split With Cardinals; Cubs, Colts Divide Twin Bill

BY HAL BOCK  
Associated Press Sports Writer

Billy O'Dell has a pain in his neck and the Los Angeles Dodgers hurt every time they look at the National League standings.

O'Dell, sidelined most of the season with the neck ailment, put the crimp on a ninth inning Dodger rally Sunday and preserved a 1-0 San Francisco victory which vaulted the Giants into the league lead and dumped the world champion Dodgers into ninth place.

Ron Herbel had blanked the Dodgers for eight innings before the Giants got a run off Don Drysdale on two hits, a walk and Orlando Cepeda's sacrifice fly. Herbel needed just three more outs for the victory. He didn't get any of them.

### Open With Singles

Ron Fairly and Frank P. Ward opened the Dodger ninth with singles and Giant Manager Alvin Dark lifted Herbel. O'Dell came on and when John Roseboro bunted for a hit loading the bases, Billy might've wished he was any place except the Candlestick Park mound.

But O'Dell bore down and fed Jim Gilliam a slider which the Dodger infielder popped up. Pinch hitter Lee Walls fanned on a fast ball and Maury Wills bounced out, leaving the three runners stranded.

"The pitch to Walls was high," O'Dell said after the game. "But I guess it looked good to him."

It looked great to Dark, whose Giants swept the four game series from Los Angeles and rode the crest of nine victories in the last 10 games right past Philadelphia and into first place.

The Phillies slipped to second in a disastrous 8-2 nightcap loss to the Cardinals after Chris Short hurled a five-hit shutout winning the opener 5-0.

### End Streak

Elsewhere in the NL, Milwaukee swept two from New York 7-6, 9-0; Cincinnati ended a five-game Pittsburgh winning streak with a double victory, 6-2 and 6-5 and Chicago and Houston split, the Cubs winning the first game 10-2 and the Colts taking the nightcap 4-1 in 10 innings.

The Giant run came in the eighth after singles by Harvey Kuenn and Willie Mays and an intentional walk to Duke Snider loaded the bases.

Cepeda cracked a Drysdale pitch deep to right field and Howard made a spectacular catch saving an extra base hit. But Jesus Alou, running for Kuenn, scored after the catch, giving Herbel, O'Dell and the Giants the only run they needed.

The Phillies made six errors

in the second game and the Cards unleashed a 14-hit attack, four of them by Bill White, for the second game victory. Short overcame three Philadelphia errors for his first game victory. The hapless fielding gave Philadelphia 14 errors in the last three games.

Included in the Phillies' nine error day were two calls for catcher's interference, one on Gus Triandos in the opener and the other on Clay Dalrymple in the nightcap.

Pete Rose stroked three straight singles to pace Cincinnati.

# GOP Candidates in Last Two Weeks of Hunting Delegates

## Scranton Fighting Hard to Forestall 1st Ballot Victory

BY LARRY OSIUS  
WASHINGTON (AP)—The two leading candidates for the Republican presidential nomination plunge into the last two weeks of the pre-convention campaign today, still trying to line up convention delegates.  
Sen. Barry Goldwater of Arizona, the front runner who can win on the first ballot if he keeps the delegates credited to him in an Associated Press survey, meets tonight with the big New Jersey delegation in Trenton.  
Gov. William W. Scranton of Pennsylvania, battling hard to forestall a first-ballot victory by Goldwater in hopes that he can win it himself on a later roll call, heads south today for chats with delegates from North Carolina, Georgia and Tennessee. Tuesday both men address the key Illinois delegation in Chicago.  
The AP survey of the 1,308 delegates to the GOP convention starting July 13 in San Francisco showed this first-ballot breakdown based on primary election commitments, instructions, pledges and stated preference:  
Goldwater 689  
Scranton 137  
Nelson A. Rockefeller 105  
Henry Cabot Lodge 45  
Margaret Chase Smith 15  
Richard M. Nixon 6  
Favorite sons 110  
Uncommitted 261  
655 Votes  
The nomination requires 655 votes. None of the 137 listed for Scranton are bound to him. Of Goldwater's total, all are committed, instructed or pledged except some 251 delegates who say they favor the senator but are not necessarily bound to him.  
These are the delegates from whom Scranton has been seeking support in his travels across the country.  
Scranton left for Charlotte, N.C., on a campaign tour that will take him to Atlanta, Ga.; Knoxville, Tenn.; Chicago; Salt Lake City, Utah; Eugene, Ore.; and North and South Dakota.  
Addressing a national television audience from his Georgian-style mansion at Dalton Sunday night, Scranton listed three reasons why he didn't think Sen. Barry Goldwater ought to be the Republican candidate for president.  
"In the first place it is clear that he lacks public support," Goldwater would run far behind President Johnson this November," Scranton said, citing public opinion polls made by him and by independent agencies.  
Scranton added, "Goldwater has developed the unfortunate reputation of being impulsive with the great question of whether we shall have war or peace."  
He said the Arizona senator complained that he is being misunderstood. This, said Scranton, "raises the question of how could he be expected to change were he president. The thought of the American chief executive constantly misunderstood by his fellow citizens, by our allies, and by our enemies, is not a comforting one."  
Clear Thinker  
"We need in the White House a leader who thinks clearly, who doesn't shoot from the hip, who understands that his every word and action will influence for better or for worse mankind's hopes and work for peace with freedom."  
"The fact is that Sen. Goldwater has not shown these qualities."  
"He has given every evidence of being a man who is seeking not to lead the Republican party, but to start a new political party of his own."  
Scranton said that "of the 25 major positions taken by the Republican party in its 1960 platform, Sen. Goldwater has voted against every single one. Minn., who suffered third defeat of them in the Senate. It would be amusing to hear the joke when his gasoline transport about electing Goldwater in '64 truck exploded a week ago at a—1964, that is—except that it Superior, Wis., service station, has a tragic ring of truth to it," died Saturday.

# Conflict of Interest Law Is Proposed

WASHINGTON (AP)—The federal Home Loan Board recommended Sunday that federal laws be passed regulating possible conflicts of interest resulting when officers of savings and loan firms serve as directors or stockholders of mortgage guaranty companies.  
The recommendation was based on a study of the nation's three largest mortgage insurance firms, two of which are in Wisconsin. The companies are the Mortgage Guaranty Insurance Co. of Milwaukee, Continental Mortgage Insurance, Inc. of Madison, and American Mortgage Insurance Corp. of Raleigh, N.C.  
Board's Report  
The board's report said it did not find any clear cut instances of improper conflicts of interest. But it noted several ways in which conflicts might arise when executive officers of savings and loan associations also are directors and/or stockholders in mortgage insurance companies which get much of their business from insuring home mortgages.  
The board recommended the establishment of a joint study committee to formulate guidelines and principles to resolve conflict of interest problems.  
Seven of MGIC's 12 directors are officers and/or directors of savings and loan associations and two of Continental's directors are officers and/or directors of savings and loan firms, the report said.

# French Official Doubts U. S. Can Win Viet Nam War

NEW YORK (AP)—French Foreign Minister Maurice Couve de Murville said Sunday night he believes the United States cannot "win that war" in South Viet Nam.  
Speaking on the first interview program ever transmitted across the Atlantic by the U.S. satellite Telstar, Couve de Murville said the Viet Nam war is "political and psychological" with its real purpose to "win the people."  
"You must take account that . . . it is not a military war," he said.

# Smokers Cut Consumption Of Cigarettes

## Cigars and Pipes Are Coming Into More Popularity

BY OVID A. MARTIN  
WASHINGTON (AP)—Americans cut down on their smoking by about 16 billion cigarettes since a government report linked health hazards to smoking, the Agriculture Department reported today.  
The cut-back was 6.5 per cent below the first six months of last year.  
The department said more cigarettes are now being smoked in the United States than in the period just after the report was released last Jan. 31, but probably not as many as before the report.  
Meanwhile, cigars, pipes and roll-your-own cigarettes are becoming more popular. Sales of regular and small cigars are up about 12 per cent.  
2 Per Cent Drop  
The department estimated cigarette consumption for the year ending June 30 at 507 billion—a drop of 2 per cent from the previous year.  
"Data available thus far indicate that consumption dropped sharply following release of the (Jan. 11) report—probably 15 to 20 per cent. The severity of this decline has not persisted, but consumption has not recovered to the pre-report level. Whether or not cigarette use will resume the fairly strong upward trend that characterized the period 1955 through 1963 cannot be foreseen," the report said.  
Production of smoking tobacco for pipes and roll-your-own cigarettes increased about one sixth. Production of chewing tobacco increased slightly.

# Knowles Says 1964 Election Not Battle Between Political Parties

## Called Contest to Wrest State Control From Machine and Give It Back to People

BY THE ASSOCIATED PRESS  
Warren P. Knowles, Republican candidate for governor, declared Sunday that the 1964 election campaign in Wisconsin is not a party line battle between Democrats and Republicans but a contest to wrest state government from machine control and give it back to the people.  
He also told a Dane County GOP picnic at Blue Mounds that Democratic Gov. John W. Reynolds is "trying to throw dust in the voters' eyes" in his re-election campaign.  
He also told a Dane County GOP picnic at Blue Mounds that Democratic Gov. John W. Reynolds is "trying to throw dust in the voters' eyes" in his re-election campaign.  
Single Party Ticket  
Patrick Lucey, Democratic candidate for lieutenant governor, urged a single party ticket for election of governor and lieutenant governor. Speaking at a Democratic picnic at Frances Creek, Manitowish County, Lucey said "the need for this reform has been made clear by the history of the past several years when Republican lieutenant governors have opposed and sabotaged the programs of Democratic governors."  
Another political development of the day was a report by the Milwaukee Sentinel there is a "possibility" that Gov. William Scranton might make a stop in Wisconsin before the Republican national convention begins in San Francisco July 13.  
Reynolds Record  
Knowles told his audience, "The governor and his supporters are loudly proclaiming his record as one justifying re-election. They hope to throw up enough dust to blind the people and make them forget the truth of the past 18 months."  
"They would hide the fact that he used the phony sales tax issue to completely stalemate the Legislature's fiscal program, and then at the point of

# State to Make Restitution for Lincoln's Horse

WHITEWATER (AP)—Wisconsin is finally going to make restitution for the horse someone stole from Abraham Lincoln in this community 132 years ago.  
On July 11, the anniversary of the theft, the Southeastern Wisconsin Vacationland Association will present a horse to Illinois to atone for the misdeed of the unknown thief.  
Lincoln, serving with the Illinois volunteers on July 11, 1832, was camped near Whitewater when his horse was stolen. When he was mustered, out of the service, Lincoln had to walk most of the way to his home at New Salem, Ill.  
Taking note of Wisconsin's plans, VerLynn Sprague of Sycamore, president of the International Order of Patriots for Peace and Pardon, has written President Johnson requesting a presidential pardon for John Doe of Whitewater—the man who stole Lincoln's horse.

# Truce Reported Near on Racial Demonstrations

## Community Leaders Working to Select New Bi-Racial Committee

BY PAUL WILLS  
ST. AUGUSTINE, Fla. (AP)—The possibility of a truce in St. Augustine's racial conflict loomed today for the first time in nearly two weeks.  
A new effort to establish a biracial committee of two whites and two Negroes to seek peace was reported nearing success.  
Community leaders predicted that any group would have a difficult time because the middle ground has all but disappeared in the furious, month-long push for integration by Negroes and the equally determined resistance by whites.  
No Communication  
There has been almost no communication between the two races for more than a week, following collapse of the first effort to find a settlement.  
In the first fruitless attempt, a St. Johns County grand jury called for a 30-day truce in public demonstrations, after which a biracial committee would have been established. The Negro leader the Rev. Martin Luther King Jr. rejected this and sought immediate formation of the committee.  
The grand jury refused to negotiate along these lines. The pace of demonstrations stepped up. Fist fights and other violence became a daily occurrence as integrationists were met on the beaches and city streets by fist-swinging whites.  
Contempt Citation  
Gov. Farris Bryant clamped on a curfew to end public parades at night. That brought him into U.S. District Court, faced with a possible contempt citation in a case to be decided Tuesday.  
The climax to the violence came Thursday night when hundreds of whites brushed aside police guards and routed a Negro parade.  
The outbreak brought the governor here the next day. He has been in the forefront in reopening lines of communication.  
There were no public parades by either group Sunday but each held a meeting. Rain cut attendance at the white rally. The Negroes held an indoor meeting and were told by a spokesman for King that a biracial committee would be watched closely and that integration efforts would be resumed if no progress was being made.

# Two Wisconsin Soldiers Drown In California

SALINAS, Calif. (AP)—Two 21-year old soldiers from Wisconsin Dells, Wis., drowned Saturday night in a motel swimming pool.  
Merle Duane Cook and John W. Zentner, who had been undergoing basic training at nearby Ft. Ord, had checked into the motel for the weekend. Officials said indications were that Zentner may have been trying to rescue Cook who was described by fellow soldiers as not a good swimmer. Their bodies were recovered from the deep end of the pool but efforts to revive them failed.

# Bob Allison Leads Minnesota to 9-3 Win Over Chisox

## Killebrew Raps 27th Homer; Orioles Boost Lead to 4 Games

**BY DICK COUCH**  
Associated Press Sports Writer

Bob Allison hasn't done much broken field running since his college football days but he's leading a merry chase today.

The former Kansas fullback is showing his heels to the American League.

Allison cracked a single and his 20th home run in the Twins' 9-3 victory over Chicago Sunday, extending a consecutive game-winning streak to 19 and lifting his batting average to .340, tops in the AL.

The 220-pound outfielder turned-first baseman is the hottest number in the majors, with a .484 mark since June 12, when he launched the season's second longest hit streak. San Francisco's Willie Mays and Ed Bradley of Boston each have had 20-game skews.

**Zoomed 50 Points**

Allison's season average has zoomed 50 points, from .290 during the burst. He has hit seven homers and as many doubles, driven in 11 runs and scored 14 for a league-leading total of 55.

Big Bob is the American League's All-Star first baseman.

Tom Tresh hit a grand slam

homer in the eighth inning of the opener as the Yanks overtook the Tigers. Two homers by Don Demeter and another by Dick McAuliffe had powered Detroit to an early 6-2 lead.

Gates Brown's seventh inning homer broke up the nightcap after the Tigers blew a 5-2 advantage. Joe Sparrma relieved starter Mickey Lolich in the sixth, stopped the Yanks the rest of the way and picked up his first major league verdict.

Felix Mantilla hit two homers in the Boston-Cleveland opener, Frank Malzone slugged a pair in the second game and Dick Radatz came out of the bullpen twice to save Red Sox victories.

Radatz, making his 38th and 39th appearances, rescued rookie Bill Spanwick and veteran Bill Monbouette. Cleveland's Leon Wagner hit his 16th and 17th Monbouette. Cleveland's Leon Wagner hit his 16th and 17th homers in the first game. Al Smith and Dick Donovan connected for the Indians in the afterpiece.

Two unearned runs and Diego Segui's five-hit pitching helped the Athletics stymie the no-longer hot Angels. After Lenny Green dropped a fly ball in the first inning, Manny Jimenez doubled a run home and Bill Bryan followed with a triple. Nelson Mathews homered for the A's as Los Angeles dropped its second straight after an 11-game winning streak.

Tom O'Hara, of Chicago Loyola, strides to the finish line ahead of Oregon's Dyrrol Burleson, background, to set a U. S. record in the 1,500-meter run and beat Burleson for the first time in seven tries Sunday at the AAU track and field championships in New Brunswick.

# Tom O'Hara Defeats Burleson, Breaks U. S. 1,500-Meter Record

**NEW BRUNSWICK, N.J. (AP)**—Closing in on Rutgers University Stadium, Hansen tried and narrowly failed three times to vault 17 feet 6 1/4 inches. Each breeze would blow him clear across Lake Michigan, has finally given the back of his freckled Irish hand—and heels—to his arch-tormentor, Dyrrol Burleson.

Like a playful leprechaun pulling a sudden disappearing act, O'Hara gave Burleson a slight sniff of victory and then pulled away down the stretch for a record-smashing 1,500-meter triumph Sunday at the National AAU Track and Field Championships.

In six previous meetings—four at a mile and two at 1,500 meters—Burleson had never tasted defeat from O'Hara. But the lanky Oregonian couldn't match red-haired Tom's finishing kick this time as O'Hara pounded home in 3:38.1, an American record and the equivalent of a 3:55.1 mile.

**All Exceed Mark**

O'Hara, Burleson, Jim Grelle and gangling Jim Ryun, the incredible 17-year-old Wichita, Kan., schoolboy, all bettered the American mark of 3:39.3 set only three weeks ago by Cary Weisiger. Burleson's time was 3:38.8, Grelle's 3:38.9 and Ryun's 3:39 and Weisiger himself could do no better than 3:40.9, good for eighth place.

The two-day meet gave America's Olympic hopefuls a chance to qualify for the trials in New York next weekend. The first six Americans in each event who had not previously qualified won the right to compete in the Olympic trials and the first two will face Russia in a dual meet at Los Angeles next month.

The meet also produced a near miss in an attempt at a pole vault record by 17-footer Fred Hansen and knocked ace sprinter Bob Hayes out of the Olympic trials.

**A Major Upset**

Most events ran according to form, but 30-year-old Mike Larrabee, a California teacher, provided a major upset in the 400 meters as he and two others outran world record-holder Adolph Plummer and favored Uli Williams. Larrabee and runner-up Ollan Cassell both were clocked in 45 seconds.

# Rumors of Whopping Trade Draw Denials From Braves

**MILWAUKEE (AP)**—Rumors of a whopping trade with the New York Mets drew denials Sunday from Milwaukee Braves' officials and some ire from Eddie Mathews, one of the players supposedly involved.

According to a story Sunday in a New York newspaper, Mathews, Warren Spahn and Frank Bolling were to be surrendered to the Mets for \$200,000 and three players.

"I'm getting sick and tired of all those trades coming out of some sports writer's imagination," said Mathews. "It's not only ridiculous but pitiful. I bet the writer a steak that it was a lie."

**Hitting Week**

Mathews has been hitting well lately, getting three hits in seven times up in Sunday's twin victories over the Mets. He and Spahn are the only survivors of the original team which moved here from Boston in 1953.

Spahn remarked, "I don't know what's ahead so I'm not going to say anything." However, the 43-year-old veteran pitcher insisted he was far from being through as some have claimed.

"I wouldn't be here if I thought otherwise and you can bet on that," he said. "Physically, I feel great. That's all I'm going to say."

"It sounds like something someone dreamed up," said Braves' President John McHa. "This club will never trade Spahn."

Manager Bobby Bragan called it a "joke."

Mets manager Casey Stengel, asked about the rumors, said:

"The Braves never put Spahn on the market as far as I know. At least, his name was never mentioned."

Queried about Mathews and Bolling, Stengel replied, "I don't see any of those fellows in the dressing room."

Spahn apparently has been left out of the starting rotation for the two game series at St. Louis tonight and Tuesday.

Spahn, who has not been able to finish his last eight starts, will bow to Dan Schneider tonight and to Wade Blasingame Tuesday.

Spahn said he was sent to the bull pen in the final inning of Sunday's first game when reliever Bob Tiefenauer was having some difficulty.

Bragan said he'd continue playing his pitching rotation by ear and added that Spahn will be given an extra day of rest, hurling every sixth day.

"It isn't the first time Spahn has pitched with five days rest," Bragan said. "He's done it before and I hope it will bring him around. . . . When a fellow is having his troubles, you start to try to pinpoint what's wrong. But we haven't been able to pinpoint anything with Spahn."

Gene Jack's 2-run homer in the first inning triggered a 13-hit attack by the Appleton East Legion team that produced a 17-5, 7-inning victory over Seymour in Fox Valley Legion League Northern Division action here Saturday night.

East continued the onslaught with six runs in the second inning and was never headed thereafter. The game was shortened by the League's 10-run rule.

Appleton pushed seven men across the plate in the fourth for a 16-5 edge and made it 17-5 with a single score in the sixth.

Ken Schroeder hurled the distance for the victors. Schroeder limited Seymour to five hits, striking out five and walking four. The Appleton hurler walked the first three batters to face him. A single by Luepke scored two runs in the first before Schroeder settled down.

Seymour used three pitchers with the loss going to Freemore.

Mark Pepper led East with three hits. Jack, Gary Lutz and Bill Wessel contributed a pair of hits each.

# Bill Becker Keys Macs' 8-4 Win

Drives Home 4 Runs in  
Opener of Second Round

MENASHA — Bill Becker's mer, who relieved after Beck- seventh - inning home run with er's homer Rusch and Becker two men on base keyed the had three and Gammey. Zenzig broken when reliever Roy Face fanned him in the fifth inning. Baseball League victory over and Steve Lange both collected Oshkosh here Sunday. It was the second-round opener.

Becker, who had three hits and a walk in four trips to the plate (good for four RBI's) also hurled two innings of relief ball, giving up one hit.

The Macs made a quick geta- way, scoring two runs in the first on Jerry Zenzig's homer and another in the third when Becker's single drove in Ken Stumpf from second base.

Starter Jim Meyer put the side down in order in the first three frames but ran into trouble in the fourth. He yielded singles to Chuck Frey and Tom Krings and hit Greg Schumacher with a pitched ball to load the bases. After getting two strikes on Dave Reamer, the rightfielder parked the ball over the left field fence for a grand slam.

The Macs threatened in the fourth, fifth and sixth but each uprising was squelched. Mike LeRoy opened the seventh with a hit Ken Stumpf and Gammey followed with singles. LeRoy scoring with the tying run Becker then lofted his homer to right center for a 7-4 lead. Russ Rusch drove in the eighth run with a single.

Meyer was relieved by Beck- er after giving up singles to Krings and Schumacher in the eighth. The reliever walked Pete Kaul to load the bases but Rusch later picked the runner off first.

The Macs generated a 14-hit attack off Glen Miller and Rea-

nati's first game victory. The Reds' second baseman had a string of seven straight hits broken when reliever Roy Face fanned him in the fifth inning. Cincinnati pounded five Pirate pitchers for 11 hits in the open- er.

The Reds completed the sweep exploding for five runs in the third inning and then hold- ing off a late Pirate surge paced by homers by Willie Stargell and Jim Pagliaroni.

Chicago got home run power from Ernie Banks. Billy Cowan and Dick Bertell to make Bob Buhl's ninth victory easy against the Colts in the opener. John Bateman and Walt Bond connected for Houston.

Won In 10th  
Ron Santo tied up the night- cap with a two-out homer in the ninth but the Colts won it with three runs in the 10th. Two of them on Bond's second homer of the day. Hal Woodeshick, saved it for Don Nottebart, get- ting out of a bases-loaded none- out jam in the bottom of the 10th.

# Kennedy Critical of Failure To Pick Banks on 'Star Team

CHICAGO (AP)—Ernie Banks RBI might represent a good isn't one to complain. It's not year for some players, but not for Banks, who once hit 47 home runs in one season and had 143 RBI in another.

Late last season the Cubs an- nounced that Banks had been suffering from a virus in the bloodstream and was used sparingly in the latter months of the year. Ernie never would admit the malady was the cause of his miserable season.

But Banks was in the line-up at the opening of the 1964 season and some observers felt the only reason for this was the lack of a capable replacement.

It took a little more than two months before anyone began to take note of Banks' solid and steady play.

His home run in the first game of a doubleheader against Houston Sunday was his 10th of the year and No. 363 in his career, six short of Ralph Kiner, who holds the 12th spot in the all-time list.

Following the doubleheader, Banks had a .300 average with 10 home runs and 44 RBI, not bad for the man who didn't make the National League All-Star team.

Would be Asset  
"A great name like Banks, especially when he is having such a tremendous year, would be an asset to any All-Star team," said Kennedy. "Well, if they don't want him on the All-Star team, there'll be little anyone can do to prevent him from winning the comeback-of-the-year honors."

And if Banks, an All-Star in 1955 and again from 1957, through 1962, maintains his present pace, he'll win a ton of votes in the comeback-of-the-year balloting.

Named the National League's most valuable player in 1958 and again in 1959, Banks last year appeared to be near the end of his career when he batted .227 with 18 home runs and 64 runs batted in.

Now 18 home runs and 64

# Mickey Wright Wins Waldemar Open Tourney

BROOKVILLE, N. Y. (AP)— Since she plans to play "about 19 more tournaments" this year, Mickey Wright, golf's foremost female practitioner, seems to be a good bet to surpass her one-year earnings record of \$31,000, last year.

Miss Wright, a San Francisco native who plays out of Dal-

# Freedom Deals Two Rivers 10-5 Setback

Wayne Kroll Wins; Don VandeWettering Hits 2 Triples

FREEDOM — Exploding for nine runs in the third inning, Freedom posted a 10-5 victory over Two Rivers as second round play opened in the Fox River Valley League Sunday afternoon.

Two Rivers scored a pair of runs in the top of the first and Freedom came back with one in its half of the opening inning before unloading the 9-run barrage in the third.

The big inning included eight hits, one Two Rivers error and a hit batsman. Dan VandeWettering tripled home one run and Glen Muenster singled home a pair.

Dennis Sinkula relieved Two Rivers starter Jack Kroening in the third and did not give up another run the rest of the way. Freedom managed only four hits after the third frame.

Wayne Kroll went the distance for the winners and struck out seven batters while issuing three walks. He was picked for 10 hits including a single, double and triple by Art Harmon of Two Rivers. Don VandeWettering's two triples in four times at bat led the Freedom attack while Bob Maulick, Dick Zeratsky and Ken Huebner each collected a pair of hits in the 14-hit attack.

# Behm Finishes Second in Lynndale Race

Les Behm, Appleton, finished second in the Formula-V class at divisional sports car races held on a sweltering Sunday afternoon at Lynndale Farms near Pewaukee.

John Mahler, Iowa City, Ia. went ahead of Behm on one of the last turns to win the race. Behm's finish kept him second in divisional point standings for the racing season.

The high temperature had a definite effect on cars as many overheated and others developed engine trouble. The heat also kept the crowd down. There were 197 entries from the central division.

Walter Biddle, Fond du Lac, finished second in the H-Production race and Jim LeMahieu, Plymouth, developed gear box trouble and had to withdraw. Dr. Walter Smekal, Manitowish, had a narrow escape in the Formula-V race when a car driven by a Minneapolis man went over the top of Dr. Smekal's car. Tire tracks were left on the top of the car and across the top of Dr. Smekal's helmet. He came out of the incident shaken but unhurt.

# Flood Hits 607 To Lead League

Ed Flood hit a 244 game and a 607 series for top men bowlers in the Indian Summer Couples League at Hahn's Lanes.

Other high men's scores were Nate Belling, 232 and 600, and Hod Deltgen, 550.

Marge Radtke rolled a 210 singleton and 503 series. Irene Deltgen rolled the high women's score of 11 feet, 4 1/2 inches. Next series, a 517, and had a 204 for George Behnke and Duane her high single game. Florence Boelter. The PeeWee base ball Panke registered a 206.

# Braves Take Doubleheader

six hits in the second game and Aaron and Carly backed him up with three-run homers.

In the fifth inning the Braves got to Frank Larry for five runs on three singles, a walk, a wild pitch and Aaron's 11th homer. Sutherland, out to gain experience, replaced Larry in the sixth and Carly belted his seventh homer. Carl Willey became the Mets' pitcher in the eighth and gave up a run on two hits and a wild pitch.

The Braves, at St. Louis tonight, will send Ray Schneider, 1-1, against Ray Washburn, 3-4.

## Extra Day's Closing Planned in Many Firms

With Independence Day following on a Saturday this year, many Fox Cities firms have scheduled an extra day's closing to create the "usual" 3-day holiday weekend.

U. S. Post Offices throughout the Fox Cities — and throughout the nation — will close only on the national holiday, with regular service scheduled for both Friday and Monday.

Appleton retail firms, although no regular policy has been established, will close just before Saturday, the Chamber of Commerce has announced.

Firms closing on Friday and Monday will do so on an individual basis. Miller Electric, however, will begin a two-week vacation Monday.

Three-Day Holiday Friday closings will be observed in many paper mills and large businesses in addition to the July 4th shut-downs. Bergstrom Paper, Neenah, and Fox River Paper and Pierce Auto Body, both of Appleton, are among those with a complete 3-day holiday for all employees.

Other firms are closing either for both this week and next for a general plant vacation.

Kimberly-Clark's Atlas Mill in Appleton is closed all this week for the employees' vacations, while K-C's Neenah Paper Corp. is closed for a 2-week period.

One-Half of Workers K-C Kimberly and Neenah mills are scheduled for closings just Saturday and Sunday, while the general offices will close at 4 p.m. Thursday and re-open at regular times Monday.

Appleton Coated Paper Co. has closed all operations this week except for plant maintenance and construction work currently under progress.

Approximately one-half of

Thilmany's office-workers will be off Friday and the rest Monday, although the firm's offices will stay open. All mill operations at Thilmany will stop at 10:30 p.m., Friday, and resume at 6:30 a.m. Monday.

Riverside Paper Corp., Appleton, will close at 6:30 a.m. Saturday for 48 hours of vacation.

While Combined Locks Paper Co. mills will close at 3 p.m. Friday and resume operations Monday morning.

Among Appleton firms noting Friday and Monday closings are Serv-Us Bakery and Miller Electric will be closed just on Saturday.

Electric, however, will begin a two-week vacation Monday.

## Airport Study Set in August

State Commission To Consider General Aviation, Ports

Post-Crescent News Service GREEN BAY — The State Aeronautics Commission at its August session will receive a preliminary study on the idea of building new general aviation airports to serve Milwaukee, Green Bay and Madison.

Donald Love, Green Bay member of the commission, elaborated today on a commission action Friday ordering the study by T. K. Jordan, state aeronautics director, and his staff.

Love emphasized that he was talking in long-range terms, particularly when related to general aviation needs in Green Bay and Madison.

Love said, however, that in the national picture urban areas are developing one large airport for commercial traffic and, of necessity, smaller fields for business and recreational flying.

The problem is one of major fields being too far from business areas of cities for business flights and of the major fields becoming too crowded with commercial traffic and high-speed planes for general aviation.

Mitchell Field in Milwaukee is a good example of this, and the other Milwaukee County Airport, Timmerman Field, is at the northern edge of the metropolitan area, Love said.

"The trend is toward one large facility with a second facility geared entirely to general aviation, recreational flying, and that sort of thing," Love said.

Love emphasized that the study is not in conflict with any improvements already programmed or planned for Austin Straubel Field or other Fox Valley county airports.

## \$76,660 Paid Twin Cities in Phone Taxes

NEENAH-MENASHA — A total of \$76,660 in checks has been received by the cities of Neenah and Menasha, and the towns of Neenah and Menasha from state telephone tax refunds.

This refund was computed on the taxes paid last month to the state based on 1963 total revenue in the amount of \$9,796,055. Only one payment is made to municipalities each year.

In addition to the tax payment the cities also benefited from payments made to local merchants from the Western Electric Co. A total of \$555,262 was paid to local merchants for their services and products last year.

Neenah received a total of \$43,548, an increase of \$4,731. Menasha received a refund of \$25,539, an increase of \$678 over the 1963 figures. The Town of Neenah received approximately \$4,225, the Town of Menasha received approximately \$3,348.

Calumet County American Legion Council installed officers at Chilton. Seated, from the left, are Chester Wilson, Sherwood, new county commander, and Florian Schmidt, Sherwood, adjutant. Standing, same order, are Gordan Hauser, Hilbert, chaplain, and Alfred N. Hertel, service officer. Elroy Mauer, New Holstein, vice commander, was not present. (Sebora Photo)

## World of Water Theme Of Venetian Parade

NEENAH — When darkness more Class, Menasha High falls on the Fourth of July, the School Student Senate, Menasha harbor at Riverside Park will Kiwanis Club, Neenah High be aglow with lighted boats signaling the 11th annual Venetian Festival Boat Parade.

Many variations under the general theme, "The World of Water," are being worked out by 16 sponsoring organizations.

Under the direction of the Neenah-Menasha Junior Chamber of Commerce, the following civic groups are designing floats and planning the construction work:

Sponsor Floats AAUW of Neenah - Menasha, Chamber of Commerce, Jaycees, Menasha Downtown Businessmen's Association, Menasha High School Sophomore Class, Menasha High School Student Senate, Menasha High School Symphony Orchestra, Yacht Club, Twin Cities Young Adults, Welcome Strangers of Neenah-Menasha, YWCA of Neenah-Menasha, Young GOP of Neenah-Menasha and the Winnebago County Democratic Party.

All decorations are designed so they can be placed on the boats just prior to the start of the parade. Generators, placed in small boats following each of the floats, will provide the power needed to light each float.

Moving noiselessly along the parade route, the lighted craft will have as its background the massive display of fireworks sponsored by the City of Neenah.

### National Convention

## Paperweight Collectors Eager To Discuss Hobby With Laymen

NEENAH — "Only one of 10,000 persons is on speaking terms with paperweights," a paperweight collector said at the national convention of the Paperweight Collectors Association in Neenah over the weekend.

"Most people don't even know there is such a thing as a paperweight — say nothing about paperweight collectors," another delegate said.

Many persons own paperweights but this does not make him a collector.

Paperweight collectors are among the first to admit theirs is not a common hobby. They seem to enjoy the distinction of discussing the purchase of a \$3,700 paperweight from King Farouk's collection, or of deciding whether a salamander or snake paperweight is the most valuable.

They are eager to discuss their hobby with a layman whose collection habits have been strictly along the line of matchbook covers and postage stamps.

"How you determine a valuable paperweight?" When you pay \$3,000 to \$4,000 for one, you'll learn your paperweights," was the answer.

"Are glass paperweights more valuable than metallic ones?" "Oh, we collect only glass paperweights."

An authority on the subject of paperweight collecting, Mrs. Tracy H. Marsh of Paynesville, Minn., was helpful. The author of the book, "The American Story Recorded in Glass," willingly agreed to counsel.

The years 1850 to 1860 were "the vogue" for paperweights, she explained. Weights of that decade are much sought after by collectors. Since they are more than 75 years old, they fit the official Commerce Department definition of "antique."

Collectors seek out rare paperweights throughout the world at antique shops, auctions and dispositions of wealthy estates.

The late Evangeline Bergstrom of Neenah began what is now considered one of the largest and finest collections of paperweights in the world. Other valuable collections include the Du Pont collection at Winterthur, N.J., the Leffingwell collection at Rochester, N.Y., and the Corning collection at Corning, N.Y.

There's no doubt collectors take their hobby seriously. A delegate from Chicago said he added a special room to his New York apartment to house his collection of 749 weights, most of them French antiques. Another collector talked about "creating a better image for paperweights."

An outsider might tend to view the Paperweight Collectors Association as an elite corps. Yet, most collectors definitely consider themselves amateurs, and want to remain so.

A handful of delegates suggested that the association formally incorporate, elect officers, write by-laws and collect dues. The majority quickly dismissed the idea.

By hand vote, they decided to retain the present status of the group — a friendly informal collection of people bound together by mutual love of paperweights and the work of their "self-elected" president, Paul Jokelson of Scarsdale, N.Y.

Neenah Swim Meet to be Held Tuesday at Pool NEENAH — The annual city swim meet will be held at the Recreation pool at 7 p.m. Tuesday. It is open to city of Neenah residents and non-residents, who are registered with the competitive swimming team.

Contestants will be permitted to enter only two events. Age divisions include 10 and under, 11, 12, 13-14 and 15 through 17. There will be separate divisions for boys and girls.

The order of events in all divisions will be backstroke, breaststroke, 12 and under diving, butterfly, freestyle, 13-14 and 15-17 diving and relays.

Youngsters need not register in advance and dressing rooms will be open at 6:45 p.m. Swimmers are to be dressed and ready to swim at 7 o'clock.

# Johnson Says U.S. Will Risk War for Freedom

## Also Advocates Quest For 'Just Compromise' In Order to Gain Peace

BY FRANK CORMIER

WASHINGTON (AP) — President Johnson says the United States "must be prepared to risk war" to keep its freedom, yet ready to "seek just compromise" to achieve peace.

This was Johnson's keynote message Sunday as he ended a three-day trip into Michigan and Minnesota. He took up the matter of war and peace in his only non-political speech of the trip, at a Swedish Day festival in Minneapolis.

Facing thousands of cheering Minnesotans who stood under shade trees in Minnehaha Park, Johnson said:

"Today, as always, if a nation is to keep its freedom it must be prepared to risk war. When necessary, we will take that risk. But as long as I am president, I will spare neither my office nor myself in the quest for peace."

**Assuring Friends Freedom**

In South Viet Nam, Johnson said, "We are engaged in a brutal and bitter struggle for the freedom of a friend" and "we will stand firm to help maintain

freedom and give them counsel and advice and help as necessary." This was a change from his prepared text, which read, "There too, we will use the force necessary to help them maintain their own freedom."

Johnson had this to say about compromising East-West differences in the interest of peace:

"We must remember that differences with others do not always flow from a desire for domination. They can come from honest clash of beliefs or goals. In such cases our strength does not entitle us to impose our interest. Rather, our desire for peace compels us to seek just compromise."

**Paths to Peace**

In discussing "the several paths we take to peace," Johnson made some pointed statements about the civil rights problem at home in talking about "the ability to adjust disputes without the use of force."

Johnson said that in the pursuit of justice, the nation can find guidance "here in our own

## Kennedy Sees Poles As Bridge Between Communists, West

### Tremendous Cheers for Attorney General on Tour

(Picture on Page 2)  
BY EUGENE KRAMER

WARSAW (AP) — Encouraged by wildly cheering Polish crowds Robert F. Kennedy called on Communist Poland Sunday night to help promote the new thaw in the cold war.

The U.S. attorney general told Foreign Minister Adam Rapacki that Poland has a unique opportunity to supply a bridge of understanding between the United States and the Soviet Union.

U.S. sources said Kennedy told Rapacki that Poland could play a key role in improving relations because of its membership in the Soviet bloc and the strong ties between the Polish and American peoples.

**Dinner in Palace**

They met for dinner at Jablonska Palace a former royal hunting lodge 10 miles from Warsaw. They also were believed to have discussed the German territories seized by Poland after World War II. The

Western allies have not officially recognized these as permanent Polish territory.

The meeting followed a triumphant tour of Warsaw by the visiting American despite an official news blackout on his arrival.

Poland's official press and radio maintained silence on the visit but word got around. An estimated 6000 Poles jammed the narrow streets around St. John's Cathedral as Kennedy emerged from Mass.

**Cheers for Kennedy, U.S.**

Shouts of "Long live Kennedy" and "Long live America" greeted the attorney general, his wife Ethel and two sons as they rode through Warsaw streets.

"I am not running for president but if I were I wish you could all come to the United States to vote," Kennedy told a crowd in front of Warsaw University.

The Kennedys sat on the roof of U.S. Ambassador John M. Cabot's limousine and waved when swelling crowds stopped the car. The roof partly caved in and they switched to another car.

Polish television carried the first news of Kennedy's Saturday arrival on Sunday night. Newspapers carried short descriptions of his activities today describing the visit as private.

Despite the press silence temperatures in the 90s and a violent rainstorm crowds surrounded Kennedy all day.

Clearly moved by the enthusiasm Kennedy put off his departure until late Tuesday so he could visit Poland's Roman Catholic spiritual center at Czestochowa. He was expected to meet the primate of Poland Stefan Cardinal Wyszynski.

## Italian Leftists Supporting Moro

ROME (AP) — Premier Aldo Moro's leftist allies have united in urging his return at the head of another center-left government to end Italy's 25th post-war government crisis.

Moro's Socialist, Democratic Socialist and Republican allies in the old Cabinet issued statements Sunday calling for a renewal of the coalition with the Christian Democrats.

The Cabinet resigned and Moro was named caretaker premier last Friday after the Christian Democrats lost a parliamentary vote on its proposal to give additional aid for church schools. The leftists abstained on doctrinal grounds.

## Turk Official Criticizes New Peace Proposal

### Thinks Acceptance Would Put His People At Mercy of Greeks

BY DAVID LANCASHIRE

NICOSIA, Cyprus (AP) — Dr. Fazil Kuchuk, Turkish vice president of Cyprus, described today as "empty words" a second peace offer by Gen. George Grivas, Greek Cypriot hero of the guerrilla war against Britain.

Grivas repeated his offer Sunday in his first public appearance since returning to the island he helped win independence for in 1959. He called for peaceful coexistence between Greek and Turkish Cypriots in a "free Greek Cyprus."

**Promises Amnesty**  
Grivas promised friendship and amnesty for the island's Turkish minority, which has been locked in a bitter struggle with the Greek Cypriots since December.

Kuchuk said Grivas would put the island's Turks "at the mercy of the Greeks."

While Grivas was speaking, he said, Greeks and Turks were exchanging gunfire in a nearby village and one Turk was killed. "Is this the kind of treatment the general wishes to offer the Turks?" Kuchuk asked.

In a long list of charges he said the Greek Cypriot government had armed thousands of terrorists, brought in others from Greece, and kept the Turks under siege.

**Archbishop Present**  
"Can the general really believe," he asked, "that they who have been so merciless toward the Turks will now suddenly change their mood and become angels?"

Grivas spoke to thousands of Cypriots crowded beneath the walls of Nicosia, on rooftops and in trees. He stood next to Archbishop Makarios, the Greek Cypriot president, and later toured the capital in a car with Makarios.

As Grivas spoke, fighting broke out in Trypini, 20 miles north of Nicosia. The U.N. peace force said the skirmish lasted three hours, killing one Turk and wounding another.

## Woman Found Dead Under Tractor on Farm

ELKHORN (AP) — A physician's wife was found dead Sunday under a tractor she had been operating on the family farm.

The body of Mrs. Eleanor O. Sullivan, 58, was discovered by her husband, Dr. Andrew C. Sullivan of rural Burlington. It was under a mower tractor at the foot of a hill.

Authorities surmised she fell off the machine as it rolled down the hill. But Walworth County Coroner John Griebel, who later transferred to the delayed a ruling on the cause of death pending the results of a laboratory check.

## 11 Die in Weekend State Drownings

### Steven Hedtke, New London, Victim of Bear Lake Accident

A 15-year-old rural New London youth, Steven Hedtke, was one of at least 11 persons who drowned in Wisconsin waters over the weekend as thousands of persons sought relief from summer heat at lakes and streams.

Hedtke drowned in Bear Lake, south of Manawa, when two swimming companions were unable to keep the struggling youth afloat after they heard his shouts for help.

The mishap occurred about 1:15 p.m. Sunday, and the body was recovered in about 20 feet of water at 4:45 p.m.

**Conducted Search**  
Conducting a search for the body and dragging operations were members of the Waupaca County Sheriff's Department, Manawa Fire Department and the Clintonville Fire Department rescue squad. Aiding in the search were skin divers from Waupaca, Clintonville and New London.

Ronald Millard and Janet Drier, Hedtke's two swimming companions, told Sheriff Loran Frazier they were swimming about 350 feet from shore when Hedtke began shouting for help. When they reached Hedtke, the two said they were forced to let go of him because his struggling was pulling them down.

The body was taken to the Booth Funeral Home in Manawa, and later transferred to the county's new funeral home in New London.

The youth is survived by his

parents, Mr. and Mrs. Arnold Hedtke, route 1, New London, plus two brothers and four sisters.

Funeral services will be at 2 p.m. Wednesday from the Emmanuel Lutheran Church, New London, with burial in St. John.

## Lodge Wants Republicans To Pick 'Prudent' Candidate

### Arrives in Washington to Make His Report on Viet Nam

WASHINGTON (AP) — Ambassador Henry Cabot Lodge flew in from Saigon today saying the Republican party should nominate the "presidential candidate who is prudent, not impulsive, and I think Gov. Scranton is one of the best men."

Speaking at plane-side upon his return at 7:30 a.m. (EDT), Lodge declared flatly: "I cannot be drafted."

He said the whole point of his

resigning the "very interesting" post in South Viet Nam was to come back and help Gov. William W. Scranton in his drive for the Republican nomination.

**Plans to Discuss Platform**  
Lodge disclosed that he will appear at the Republican party Platform Committee in San Francisco July 8. He said he does not—so far, at least—have a ticket for the convention.

Asked for comment on Sen. Barry Goldwater—whose defeat Lodge seeks in the nomination fight—the retiring envoy said he did not want to comment because he wants to take a constructive line, not a negative one.

Lodge got into his comment about "prudent" men this way:

"Having been in a foreign post and seeing how the President makes decisions on life and death matters, with the President having control over the atomic bomb, I believe both parties must nominate prudent men—not impulsive men, and I think Gov. Scranton is one of our best men."

**Report to President**  
Lodge reports to Johnson today on his 10 months in the embattled Southeast Asian nation.

Lodge put on his political hat briefly Sunday soon after reaching Honolulu, his first stop on U.S. soil on his homeward flight. He avoided all political questions from newsmen, but talked politics with Stephen

## Sale Announced of Baraboo Staff Village

CHICAGO (AP)—Sale of Staff Village, a portion of the Badger Army Ammunition plant at Baraboo, to Thomas H. Winch of Mazomanie for \$55,250 was announced today by the General Services Administration.

The property includes 25 acres with 16 single family housing units, 6 garages and utility lines.

## Airborne Vaccines

## Immunization for All Minus Needles, Pills

BY STEPHEN M. AUG

DENVER, Colo. (AP)—Whole populations can be immunized against disease without the use of needles or pills, a Denver scientist said today, but human fears prevent use of the new technique.

"We have become accustomed to being injected," lamented Dr. Gardner Middlebrook, director of research at National Jewish Hospital in Denver.

He said that mass immunization through airborne vaccines is possible as a means of preventing tuberculosis, polio and measles.

A big problem now is development of the highly infective but non-disease producing vaccines. Middlebrook developed an airborne infection apparatus several years ago. The device is being used to test this technique on animals at several research centers.

Since 1951 U.S. scientists have made great strides in develop-

ing the technique which they call aerogenic immunization.

The basis of such inoculation depends on the use of attenuated organisms, living germs which are weakened but which are highly infectious. The organisms are sprayed into a chamber in closely controlled amounts.

A single sniff by a human, Middlebrook says, and he's immune.

The Denver scientist said mass immunizations by the airborne technique could be used theoretically to fight any infectious disease.

Once these are produced, then biologists will have to collaborate with engineers—particularly those experienced in ventilation—to determine proper doses for given amounts of air under all conditions.

## Wide Search For Man Who Shot Officer

PRAIRIE DU CHIEN (AP)—Southwestern Wisconsin was the scene today of an intensive search for a man who is believed to have shot and pistol-whipped a Lake City, Minn., police officer last week.

Shortly before 3 a.m. today an automobile that matched the description of one used by the fugitive assailant was spotted by city police at the municipal boat harbor.

**License Plates Stolen**  
The officers gave chase and the 1959 green and white Oldsmobile bearing stolen 1964 Wisconsin license plates M-10246 sped across the Mississippi river into Iowa. It returned shortly, however, and was spotted again, but squad cars lost the trail in the city.

A general alarm sent police and sheriff's officers into a widespread search for the young man, believed to be from Kenosha, Wis., who viciously beat and shot Howard Gludt, 55, Lake City, Minn., policeman last Friday as the officer attempted to investigate the theft of an outboard motor.

Meanwhile, authorities suggested the possibility that the fugitive might have been in the vicinity of Madison and Johnson Creek earlier Sunday.

**Farm Couple's Report**  
Mr. and Mrs. Allen Naatz, who live near Concord, nine miles east of Johnson Creek, reported to the Jefferson County sheriff that they saw 1962 green Oldsmobile with Illinois license plates parked in their yard when they returned home about 3 p.m. Sunday.

As they parked their car, a man came out of their home and held them at gun point, the Naatzes said. He told them he was sorry they had come home because he wanted to use their house to hide from police.

The intruder, a man about 40, with dark, graying hair and a bandaged left hand, cut telephone wires, slashed a tire of the Naatz car and took the car keys, then got into the Oldsmobile and fled.

Officers said they believed the same man was involved in two burglaries in Cambridge, Dane County, earlier Sunday.

**Paralysis Results From Diving Injury**  
MADISON (AP)—A spinal injury suffered in a dive into shallow water has left Melvin Zeman, 36, of Wisconsin Rapids, "almost totally paralyzed," a University Hospitals spokesman said today.

Zeman was hurt Saturday in Nepco Lake, south of Wisconsin Rapids.

# Johnson Administration Re-Aligns Connections With State Democrats

Post-Crescent Madison Bureau  
MADISON—Selection of Sen. Gaylord Nelson as "official coordinator" of President Lyndon Johnson's election campaign in Wisconsin shows the changing alignment of state politics in relation to the national administration. As generally interpreted, the announcement of Nelson's appointment as President Johnson's Wisconsin manager indicates a movement away from the assassination of Mr. Kennedy last fall, is moving away from the late President John F. Kennedy, including Gov. John W. Reynolds and Patrick J. Lucey, by the late president and more the former state chairman and particularly by Atty. Gen. Robert Kennedy, his brother and of the party who will retire from that post in August in favor of a Nelson man, David Carley of Madison.

The Washington press release this week making public Nelson's appointment made no mention of the fact that Lucey had originally bid for the position of Wisconsin manager in Wisconsin. Lucey several months ago had made public his own selection as the Johnson coordinator for the state, apparently with the consent of John Bailey, the Democratic national committee chairman. But the Nelson announcement specifically attributed his selection to the "Democratic national committee". Democrats are explaining the replacement of Lucey as a result of his own engagement in a personal campaign to be elected lieutenant governor. Nelson does not have personal campaign obligations this year. His Senate term has four years to go. But there also is speculation that the President, who succeeded to the White House upon the assassination of Mr. Kennedy last fall, is moving away from the tightly knit personal organization that had been built here in 1960 and thereafter Reynolds and Patrick J. Lucey, by the late president and more the former state chairman and particularly by Atty. Gen. Robert Kennedy, his brother and of the party who will retire from that post in August in favor of a Nelson man, David Carley of Madison.

## College Notes

### Neenah College Senior Awarded Scholarship

Ned K. Bleuer, son of Mr. and Mrs. Keith T. Bleuer, 1042 Kalfahs St., Neenah, a geology senior at the University of Wisconsin, Madison, has been awarded an undergraduate scholarship by the California Oil Co. of Denver, Colo.

Two Appleton students will participate in archaeological projects this summer. Robert M. West, 214 S. Rankin St., will be a member of an expedition near Yellowstone National Park, Wyoming, headed by Dr. Glenn L. Jepsen of Princeton University which will be searching for mammal fossils.

Georgina Granberg, daughter of Mr. and Mrs. Frederick M. Granberg, 1824 N. Racine St., is part of an exploration team from Iowa State University, Ames, Iowa, which will spend the summer at excavation sites along the Des Moines River. The team will collect evidence of a prehistoric Indian people in an area which is to be inundated after completion of a dam at Red Rock Reservoir.

Several high school graduates from the Fox Valley area who will be entering St. Olaf College, Northfield, Minn., this fall have been issued honor scholarship awards. They are Lyle A. Kleman, son of Mr. and Mrs. Lou Kleman, 1226 S. Mason St., Appleton; Karen E. Groth, daughter of Mr. and Mrs. Paul of Mr. and Mrs. Garry Pino, 764 Reed St., Neenah; and Paul O. Larson, son of Mr. and Mrs. Arthur Larson of Wittenburg College, Waverly, Iowa.

Patricia A. Whitney, daughter of Dr. and Mrs. Roy P. Whitney, 1709 S. Douglas St., Appleton, was initiated into the UW chapter of Phi Kappa Phi, national civil engineering fraternity, at Carleton College, Northfield, Minn., selected to membership.

pledged itself to do nothing to interfere with the President's selection of his own vice presidential running-mate this year, on a motion made by Carley with the obvious support of Sen. Nelson who apparently was a considerable personal organization working with the knowledge and consent of the White House. Because he had little personal contact with Wisconsin politics before he ran for president in 1960, Johnson lacks a personal campaign organization in Wisconsin and in many other northern states. The effect of the recruitment of Nelson as his Wisconsin manager will be to put at his disposal all or most of the contacts of the Wisconsin junior senator, who is probably the strongest single personality in the state party today.

Some Democrats of long memory find an ironic twist in the development, for Nelson launched his own campaign for major office only six years ago when he ran for governor the first time, with a blast at Johnson's attitudes and actions in the United States Senate as Democratic majority leader. Nelson then represented the Wisconsin Democratic liberal forces which regarded the senator from Texas as less than earnestly committed to the liberals' ideas and programs.

# Calumet Work Crews Begin Construction on \$140,000 Improvement

## Preparing 3½ Miles of County T For Blacktop Surface in 1965

CHILTON — Preparing a 3½-mile stretch of County Trunk T for a blacktop mat next year is the Calumet County Highway Department's major project for the summer construction season. Cost of the grade, drain and base work is expected to total about \$140,000 or \$40,000 a mile, according to a highway department spokesman.

The road being improved intersects U.S. 151 just west of Hayton, and runs south to an intersection with County Trunk X east of New Holstein.

Laid by Fall

Crews are engaged in widening the right of way by burying stumps and stone fences. When this is completed, ditches will be graded and an improved base and road bed will be developed. The base course is slated to be laid by fall.

Plans call for a 30-foot roadway made up of a 22-foot blacktop mat with three-foot shoulders on each side. Paving work is slated for 1965.

One paving project is scheduled by the highway department for this summer. The blacktop mat on 2½-miles of County Trunk J from the New Holstein city limits south will complete the project which has years.

Grade and drain work on the stretch was let out on bids to a private contractor by the State Highway Commission last summer. County highway crews laid the base and will complete the project.

Construction of a new bridge on State 149 east of Kiel has been completed by the department. A new culvert-type structure replaced one with a sharp dip and abutment walls.

### Chilton Firm Executive Dies

#### R. C. Tesch, 64, Succumbs After Long Illness

CHILTON — The president of a Chilton manufacturing firm died Sunday in a New Orleans hospital following a long illness. R. C. Tesch, 64, 67 E. Main St., Chilton, was employed by the Knauf and Tesch grain elevator all his life, and became president in 1955, a post he held until his death.

He was born Feb. 13, 1900, and was married in 1927. He is survived by his widow, and a son, Steve.

Funeral arrangements were being made by the Erbe-Hoffmann Funeral Home here.

### Appleton Student at UW Surveying Camp

MADISON — Dennis Green, 1418 N. Union St., Appleton, is among 42 civil engineering students of the University of Wisconsin gaining practical experience this summer in the first of two surveying camps in the heart of the Chequamegon National Forest, Bayfield County.

Green is participating in the first of two 6-week sessions at a summer surveying camp in the Namekagon Lake and River Country. The first session runs through July 18.

### Telephone Company Product

## Artificial Larynx Helps Voiceless Man to Talk

An Appleton man was told several months ago that he must give up his speech or give up his life. The decision was his. "What good is my life without the ability to speak? How can I go on with such a handicap?"

These were but a few of the questions that penetrated Carl Van Ryzin's mind when he was told he had cancer of the throat. "You must have an operation to save your life. . . but we can't save your ability to speak," the doctor told him.

That was in January of this year. Today, Van Ryzin, 500 E. Roosevelt St., has both his life and his speech — with the aid of the Wisconsin Telephone Co. Last March, the telephone company announced the introduction of an improved artificial larynx which provides "a voice for the voiceless."

Dr. John H. Russell noticed an article in the Post-Crescent and suggested that Van Ryzin try the instrument.

Van Ryzin contacted the telephone company and, during the past several months, has been able to use his new "voice" with little difficulty.

"At 64, you are hesitant about making such a drastic change," Van Ryzin said. "Losing my voice seemed as bad as losing my life. But now, I feel as though I haven't lost a thing. My friends kid me about talking too much and running my batteries down. My grandchildren tell me I should take the artificial larynx hunting, to call the ducks."

"All kidding aside, I've been able to communicate with others almost as well as before," Van Ryzin added. "Without it I'd be lost."

The artificial larynx, sold by the phone company on a non-profit basis, made its first appearance in 1960. The new model, however, was introduced earlier this year after modifications were made by the Bell Telephone Laboratories. It looks somewhat like an electric razor assembly and has a more compact head than the previous model.

"Many voiceless people can be helped with this new unit," Manager Dick Van Sistine of the telephone company said. "If there is a chance that a person can be given a new voice, he should contact our office with the advice of his doctor."

Four Girls Escaped Injury when the engine on this 17-foot boat exploded and set the craft on fire as one of the girls attempted to start the motor. The incident occurred Sunday night on Sunset Lake, three miles west of Waupaca. The boat, owned by E. M. Lee, was towed to shore where Waupaca firemen extinguished the blaze. (Post-Crescent Photo)

### Wilbur Fuller

## Winnebago Names Juvenile Officer

OSHKOSH — Wilbur Fuller, was named as the first juvenile officer of the Winnebago County Sheriff's Department, by the sheriff and coroner committee Friday afternoon.

The post becomes effective Wednesday and he will have the rank of sergeant.

Fuller has been a county policeman and for the last year has been working primarily in investigation work, rather than on traffic patrol duties. He had been assigned to investigation work at the time of the Wayne C. Pratt murder to assist Lt. Richard Guenther in that, and other investigations.

Lately, he has been handling much of the investigation work where juveniles are involved and assisting the juvenile judge in the disposition of some of these cases where restitution is to be made.

The juvenile officer post was created by the Winnebago County Board last week and was recommended by Juvenile Court Judge James Sarra, Sheriff Richard T. "Bud" Lowell, Dist. Atty. Jack Steinhilber and Welfare Director Norman Whitford.

### 6,326 Youngsters Join Play Events In Village Parks

KIMBERLY — Attendance at village supervised play activities last week totaled 6,326, slightly lower than the same period last year, according to figures released by Gilbert Frank, recreation director.

Special event this week will be held on Thursday evening when doll buggy and patriotic parades will be staged with youngsters competing for the best decorated vehicle.

Handicraft projects planned include wooden-bead bracelets at Kuborn and Van Daalwyk Parks, pot holders at Main, Roosevelt and Darboy Parks and paper plates at Combined Locks Park. Registration for dance instruction will be accepted by play leaders for the balance of the week.

Plans are being formulated for a trip to Milwaukee for a zoo visit and a Braves baseball game. Park supervision will end at noon Friday.

### Set Services for Appleton Businessman

Arthur W. Krahn, 75, 1011 W. Oklahoma St., Appleton, died Sunday after a short illness. He operated the Appleton Window Cleaning Co. until his retirement six years ago.

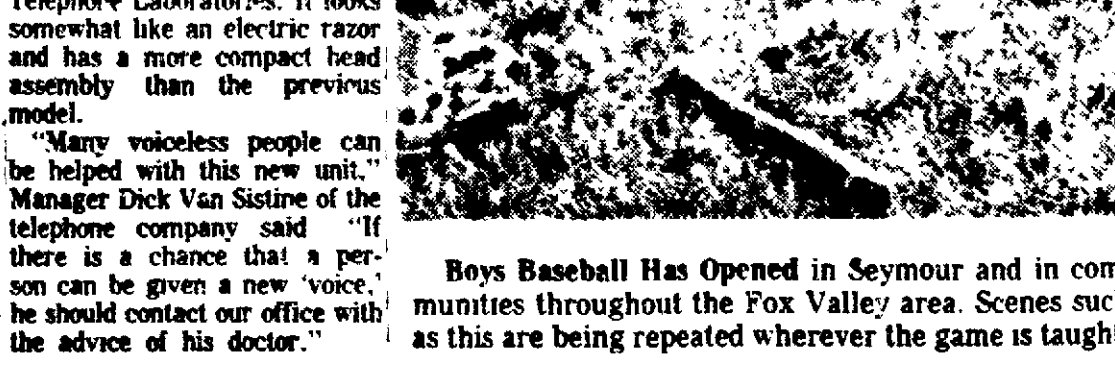

He is survived by his widow and three children. Funeral services are scheduled for 10 a.m. Wednesday in St. Joseph Catholic Church, with burial in St. Joseph Cemetery.

He was a resident of Appleton for 41 years.

# Street and Sewer Projects at Clintonville Start for Summer

## Present Construction Slated For Completion by August

CLINTONVILLE — The city's program of soil cementing, paving, curb and gutter work, street widening, parking area construction and storm and sanitary sewer projects is underway for the summer, according to Basil Arvey, director of public works.

Due to incomplete plans, street and sewer projects are not as extensive as those of past years, Arvey said. When details of the 701 Project are complete, he added, a more "comprehensive" program will be undertaken.

### Behind Schedule

The present street construction, slated for completion sometime in August, is behind schedule due to reorganization on the city council. A five-man board of public works has replaced the street, sewer and public property committees of the council.

Details of the soil cementing and pavement plans include work on First Street to Auto Street, on Auto Street from First to Second Streets, on N. Clinton Avenue from 18th to Grove streets, on Grove Street from Walnut to Harriet streets, and on 19th Street from Garfield to McKinley avenues.

Curb and gutter projects involve work on R o h r e r Street from Brent to Mill streets, on Robert Street from 19th to N. Park streets, on McKinley Avenue from S Park to 19th streets, and on E 12th Street from Anne to Auto streets.

Sidewalks on parts of Auto Street will be removed and the streets will be widened on the south side. Green Tree Road from N 12th to Walnut streets also will be widened this summer.

### Parking Areas

An area near the boat landing will be paved to serve as a parking area. Another parking area will be paved behind Kroil Bar and the Railway Express building on W. 12th Street.

Riverside Drive from West to Brent Streets will be graded and graveled, the loop that currently exists in the road being taken out.

A storm sewer will be built on N. Park Street from McKinley Avenue east for about 750 feet, and on McKinley Avenue and Robert Street from 19th to N. Park streets.

A 36-inch cement pipe will be laid as part of a more comprehensive project designed to drain the water in the area. Eventually it will be equipped to drain the entire northeast corner of Clintonville.

A sanitary - storm sewer will be installed on N. Park Street from Garfield Avenue to Robert Street, on McKinley from 19th to N. Park, and on River Lane, from Rohrer Street north about 350 feet.

### Police Search For Molester

#### Man Also Suspected Of Stealing Cars In Calumet County

CHILTON — Calumet County Sheriff Department authorities are continuing a search for a man accused of molesting a 13-year-old Kiel girl and possibly linked with the theft of two cars since June 22.

The mother of the girl, in a statement to Sheriff C. J. Kosmosky, said a man appeared at their home in Kiel about 3 30 p.m. Tuesday asking if the family had a daughter who could "baby-sit" with his children. He said his mother-in-law was dying and the family needed someone immediately to stay with the children. He said he lived about two miles out of town.

The girl told police the man drove into a gravel pit near New Holstein where he allegedly molested her.

She fled from the car and ran to a farm house where she telephoned home.

County police, who were searching for the man found an abandoned car near Meggers Corners on State 57. The car matched the description of the one driven by the unidentified man the Kiel housewife and her daughter had given the police.

A check of license numbers revealed that the car belonged to the A n n o n Brake Service Company, Fond du Lac.

A spokesman from the Fond du Lac firm said the vehicle had been stolen from their parking lot about 1:30 p.m. Monday.

Wednesday the Calumet County Sheriff's Department received notice that a car was stolen in New Holstein about 7 p.m. The car was last seen being driven toward Chilton by a man meeting the description given of the man who had molested the Kiel girl.

The second auto has not been recovered.

### 'New Tax Cut' To be Discussed By Optimists

"The New Tax Cut" will be discussed at the Tuesday morning meeting of the Appleton Breakfast Optimist Club.

Speaking will be Val Kopitzke, professor of economics of the University of Wisconsin Fox Valley Center.

The Appleton Rotary Club will install William Zuehlke Jr. as its new president in a "Changing of the Guard" ceremony at its noon meeting Tuesday. Atty. Douglas Robertson will speak on wills and estate planning at the Tuesday meeting of the Kiwanis Club of Northside Appleton.

Downtown Kiwanis Club members will hear Robert Thom, dean of boys and guidance counselor at Neenah High School, speak at their meeting Wednesday noon.

Herbert Helble, retiring principal of Appleton High School, was scheduled to speak on "How to Live to be One Hundred" at today's noon meeting of the Appleton Lions Club.

### Committee Organized To Promote LaCrosse Man for Governor

MADISON (AP) — A state committee was organized today to promote the candidacy of Mayor Milo G. Knutson of La Crosse for the Republican nomination for governor.

Incorporation papers filed with Secretary of State Robert Zimmerman listed Phil A. Dyer of La Crosse as president of the group Joseph D. Becker of La Crosse was named secretary, and Robert Hurtgen of La Crosse, treasurer.

Knutson has not yet filed for the Republican primary election in September. But he has said he will oppose Warren P. Knowles of New Richmond, who received the party's convention endorsement.

# Tractors, Tots Can Be Lethal Mixture

## 2 Outagamie Children Lost Lives In Farm Mishaps in Five Weeks

Farm tractors and children of a wagon after toppling off the tractor he was riding.

May 25 Angeline Van Schindel, 11, route 4, Appleton, was crushed to death when the tractor she was riding overturned.

Coroner's Warning

Coroner Bernard Kemps has issued a warning to farm families today of the potential dangers to children who play near or ride on farm machinery while it is in operation.

Kemps said the two deaths this year, though tragic, are not unusual. "In recent years several children were killed when they fell from tractors and were crushed by implements the tractors were pulling," Kemps said.

"If this dangerous practice isn't stopped there will be an ever-increasing toll of young lives lost due to the greater number of farm tractors in use in the county," Kemps said.

Lethal Combination

A combination of farm tractors and machinery is lethal if misused, a study conducted by the State Board of Health shows. Together they took the lives of 131 farm residents, an average of about 44 a year during the three-year survey period. Of that total, tractors accounted for 92 lives of which 10 were children under 14.

Of the 39 lives taken by machinery, 13 were under 14 years old.

The mounting pressure of harvest and haying work and the carelessness which stems from haste are blamed for many of the fatal farm accidents, the researchers said.

# Driver to Serve 209-Day Term In County Jail

## Green Bay Youth Pleads Guilty to 4 Traffic Counts

A 19-year-old Green Bay youth today was sentenced to 75 days in Outagamie County Jail and a \$240 fine or an additional 134 days in jail after pleading guilty to four traffic counts resulting from a high speed chase early Sunday morning.

David E. Powell, the driver, told the court he was unable to pay the fines and would serve 209 days in jail.

The charges and his sentences were driving after revocation, 60 days in jail and \$50 or 24 days in jail; failure to yield right-of-way to an emergency vehicle, 15 days and \$75 or 36 days; speeding, \$75 or 36 days; and arterial violation, \$20 or 12 days.

Powell has been held under \$660 bond in the Outagamie County Jail since his arrest early Sunday. He was arrested by State Patrolman Richard Maue at the end of a chase that started on U.S. 41 at the Brown-Outagamie County line and ended near Freedom.

Warns Driver

Maue told the court he noticed Powell's auto traveling at a high rate of speed and began clocking it at the county line. Maue said he turned on the red light of his patrol car after clocking Powell at 80 miles an hour for a mile.

Powell's auto turned right on Outagamie County Trunk S and slowed to 20 miles an hour, according to Maue. Maue said he warned Powell to stop over the car's loudspeaker, but the youth accelerated the auto and began traveling at speeds up to 90 mph.

Responding to a radio call, Outagamie County Patrolman Irvin Partika approached Maue's auto from the rear and Maue passed Powell's auto, Maue said.

He said the youth was arrested when he turned into a farm yard and came to a stop.

# Tipsy Driver Pleads Guilty

## Ronald Tummett, Menasha, Loses License, \$125

OSHKOSH — Ronald Tummett, 26, 717 Lincoln St., Menasha, pleaded guilty Monday morning of driving while under the influence of intoxicants and was fined \$125 by Winnebago County Judge James V. Sitter. His drivers license was revoked for one year.

Tummett was arrested at 7 p.m. Saturday on Traders Road in the Town of Menasha by county police after his car went into the ditch. He tested .17 on the breathalyzer.

# Reserved Seats Again Available on State Fair's Family Plan

MILWAUKEE — State Fair again will have a family plan for purchasing grandstand tickets, W. M. Masterson, administrator, has announced. Tickets will be on sale at the Fair park beginning July 1, from 1 to 8 p.m. daily, at the grandstand ticket office, or they may be ordered by mail.

Inaugurated last year to encourage attendance at family-type shows, the family plan was very successful, especially because there was no increase in adult ticket price, Masterson said.

Under the plan, which applies only to reserved seats, the purchaser of one adult ticket will be able to buy as many children's tickets as he wants for half price.

**Appreciation Day Held for Retiring School Official**

HUDSON, Wis. (AP) — Appreciation day for Edward P. Rock, who is retiring after 45 years in the Hudson school system, was held Sunday.

Atty. Gen. George Thompson, a 1936 graduate of Hudson High School, was principal speaker at ceremonies honoring Rock, who was superintendent of schools the last 41 years.

Former students and friends presented \$1,200 to Rock, who was 25 years old and the youngest superintendent of schools in Wisconsin when he was appointed to the post in 1923.

**Billie Sol Estes Opens New Business**

EL PASO, Tex. (AP) — Billie Sol Estes, onetime financial wizard whose farm empire's collapse created a national scandal, presided quietly at the opening of a new import-export business bearing his name.

Previously the shop was called the Rio Loan, a pawnshop operated by Paul Slone.

Paper bags covered the firm's sign. When they were removed Saturday, Rio Loan had another title added to it: Billie Sol Estes Import and Export.

**Helicopter Expects to Break Record, 47 Eggs**

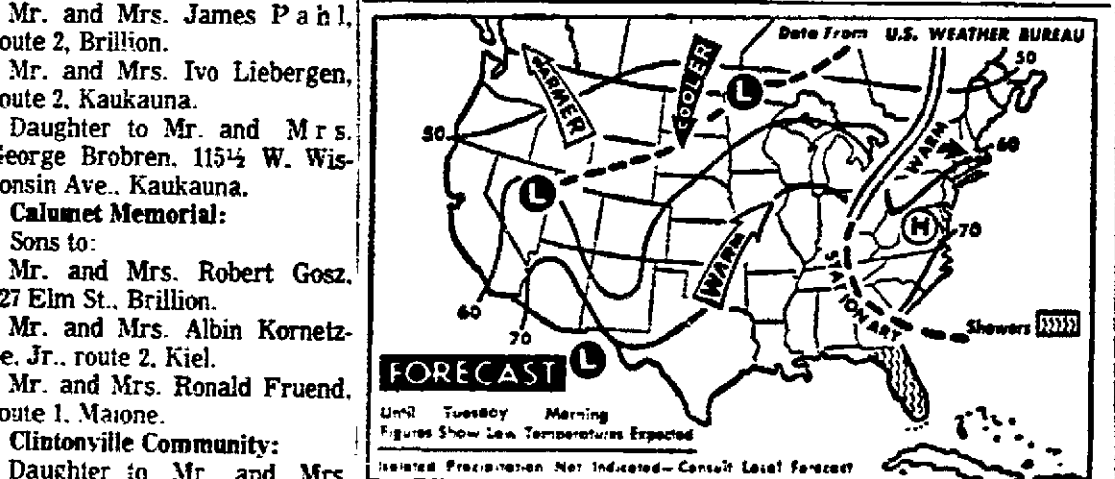

BAKERSFIELD, Calif. (AP) — Pilots hope to set a helicopter down at the Kern County Airport at noon today to crack a world's record — 47 eggs.

It will mark the end of a 101-hour endurance record for helicopters which a team of four pilots began Thursday.

Referees from the National Aeronautical Association taped 48 eggs to the skids of the machine to make sure it couldn't make an unauthorized landing.

One egg was broken when a pilot dropped it Sunday to celebrate passing of the old 72-hour endurance mark, set four years ago by Navy pilots.

**Rainfall Tonight** will be limited to widely scattered areas over the southeast and the central and southern plains. It will be warm and humid over the eastern half of the nation. Warmer readings are expected over the Pacific northwest and northern plateau. Little change is expected elsewhere with the exception of cooler temperatures over the northern plains. # Two St. Norbert Graduates to Take Mexican Teaching Jobs

Two Fox Valley June graduates of St. Norbert College, De Pere, have been assigned to summer teaching jobs in Mexico.

Peter Hoffman, Chilton, and Ed Hammen, Little Chute, will be working in Temporal, near Veracruz, for the Conference of Inter-American Students Projects.

The young men will teach English courses and conduct sports and social programs. They also will help with the construction of a new school. The pair will live with Mexican families during their stay.

**Integral Members**

On completion of the summer work, the two graduates will spend the year in San Antonio, Tex., as members of the Catholic Lay Mission Corps. There, they will live with a group and be expected to attend daily mass to become "integral members of the parish in which they reside."

Hammen is the son of Mr. and Mrs. Ambrose Hammen. At St. Norbert, he was a history major and a member of the Varsity Club, Sigma Beta Kappa Fraternity and varsity football.

Hoffmann, son of Mr. and Mrs. Joseph Hoffmann, also was a history major, member of varsity track and football Varsity Club and Sigma Beta Kappa, was listed in "Who's Who in America: Colleges," and has had experience in student teaching.

## A. C. Otto, Kiel, Found Guilty in Calumet Court

CHILTON — A 59-year-old Kiel man paid \$100 and costs in Calumet County Court today for driving while under the influence of intoxicants.

Alfred C. Otto, 59, Kiel, was arrested by county police Sunday night after being involved in a two-car accident two miles east of New Holstein at the intersection of County Trunk X and County Line Road.

Driver of the other car was Richard R. Benzshawel, 35, Manitowoc.

County police said the Otto vehicle was traveling south on the County Line Road while the Benzshawel car was headed west on County Trunk X.

Also, Otto's drivers' license was revoked for one year. No one was injured. Damage was estimated at more than \$100.

# Goes 10 Miles Too Far, Loses Right to Drive Car

OSHKOSH — Gaylord Cartwright, 26, 1348 Royallon St., Waupaca, went for a ride Sunday night and drove about 10 miles too far. The ten miles cost him \$175 and his right to drive for one year.

Cartwright pleaded guilty Monday morning to violating the restriction on his driver's license which limits his driving to a 30 mile radius of Waupaca.

Judge James V. Sitter fined him \$175 and revoked his license for a year.

Cartwright admitted falling asleep behind the wheel and his car went into the ditch off State 110 in the Town of Winneconne, about 40 miles from Waupaca.

# Kaukauna Grass Fire

KAUKAUNA — Firemen were called at 9:40 a.m. Saturday to extinguish a grass fire near Dodge Street along the Chicago and North Western Railway tracks. The fire threatened a small railway shed, but firemen halted the blaze before damage resulted.

# Freedom Deals Two Rivers 10-5 Setback

## Wayne Kroll Wins; Don VandeWettering Hits 2 Triples

FREEDOM — Exploding for nine runs in the third inning, Freedom posted a 10-5 victory over Two Rivers as second round play opened in the Fox River Valley League Sunday afternoon.

Two Rivers scored a pair of runs in the top of the first and Freedom came back with one in its half of the opening inning before unloading the 9-run barrage in the third.

The big inning included eight hits, one Two Rivers error and a hit batsman Dan VandeWettering tripled home one run and Glen Muenster singled home a pair.

Dennis Sinkula relieved Two Rivers starter Jack Kroening in the third and did not give up another run the rest of the way. Freedom managed only four hits after the third frame.

Wayne Kroll went the distance for the winners and struck out seven batters while issuing three walks. He was nicked for 10 hits including a single, double and triple by Art Harmon of Two Rivers. Don VandeWettering's two triples in four times at bat led the Freedom attack while Bob Maulick, Dick Zeratsky and Ken Huebner each collected a pair of hits in the 14-hit attack.

# Carle, Iowa Grigger, Dies After Crash

DUBUQUE, Iowa (AP) — Richard Carle, 19, University of Iowa football player from Chicago Heights, Ill., was fatally injured in a car-truck collision near here Saturday.

The accident occurred on the Julien Dubuque Bridge on the Illinois side of the Mississippi River.

Authorities said it appeared Carle went to sleep at the wheel and his car swerved into the path of a pickup truck driven by William McCormick, 24, of Dubuque.

Carle died about two hours later at a Dubuque hospital. McCormick was reported in good condition. A passenger in his truck, Robert Becker, 28, of Dubuque, was released after treatment.

At the University of Iowa, assistant athletic director Bob Flora said the coaching staff had been counting on Carle, a 223-pound guard, for first string service next fall. He would have been a junior.

# Behm Finishes Second in Lynndale Race

Les Behm, Appleton, finished second in the Formula-V class at divisional sports car races held on a sweltering Sunday afternoon at Lynndale Farms near Pewaukee.

John Mahler, Iowa City, Ia., went ahead of Behm on one of the last turns to win the race. Behm's finish kept him second in divisional point standings for the racing season.

The high temperature had a definite effect on cars as many overheated and others developed engine trouble. The heat also kept the crowd down. There were 197 entries from the central division.

Walter Biddle, Fond du Lac, finished second in the H-Production race and Jim LeMauhu, Plymouth, developed gear box trouble and had to withdraw.

Dr. Walter Smekjal, Manitowish, had a narrow escape in the Formula-V race when a car driven by a Minneapolis man went over the top of Dr. Smekjal's car. Tire tracks were left on the top of the car and across the top of Dr. Smekjal's helmet. He came out of the incident shaken but unhurt.

## Phone Lines, Poles Break

Work Through Night To Repair Damage Near Waupaca

WAUPACA—Telephone company employees worked through the night Friday when a weakened telephone pole crashed to the ground near Shadow Lake on County Trunk K, south of here.

When the first pole broke the strain of the heavy cables caused a second to snap sending the lines crashing to the ground. Phone service to a small area was interrupted from the time of the break at 6:30 till 11:30 p.m. The largest of the three cables which the poles supported contained 300 pairs of phone wires. The other cables were one containing 100 pairs of wires and the other 50 pairs. The cables are part of a new phone system being installed in the area and are not being used at the present.

Traffic on County Trunk K was detoured until the cables could be cleared from the road.

## Rural Youth, 19, Returned After Leaving Accident

WAUPACA — A rural New London youth was returned to New London police—Sunday—four hours after he had left the scene of an auto accident in which he was involved.

Wilbur K. Fields, 19, route 3, was returned at 5 a.m. Sunday by his father who had joined in a search for him.

According to Waupaca County police, Fields' auto struck a guard rail on the railroad overpass at Royalton, hit the rear of a vehicle near the Pine Tree Tavern and ran into a ditch.

When the car stopped, Fields jumped out and fled across an open field, police said. The New London Fire Department was called to the scene when steam from the overheated engine was mistaken for smoke.

The vehicle which Fields struck was being driven by Henry Miles, New London. Both vehicles were traveling east.

Damage to the two vehicles was estimated at more than \$600.

## Clintonville Pea Harvest of 900 Acres Begins

CLINTONVILLE — The Clintonville factory of the Shawano Canning company started Friday with its pea harvest. The peas were found to be a little immature, according to a company official. Work was resumed this morning.

The company has between 850 and 900 acres of peas to process and harvesting is expected to run through July.

The company employs 50 women and 75 men during the harvest season.

## Waupaca Chapter of Red Cross Schedules Its Annual Meeting

WAUPACA—The annual meeting of the Waupaca chapter of the Red Cross will be Tuesday night at the grade school multipurpose room, according to Morris Smith, chapter secretary. The annual report of activities, the financial statement and an election of officers is on the agenda. Persons who contributed a dollar or more during the fund drive is eligible to vote in the election of officers, Smith said, although the public is invited.

Annually, the Red Cross local sponsors the blood program, first aid classes, training of water safety instructors and Gray Lady services, in addition to charter responsibilities of providing assistance to servicemen, veterans and their families and disaster relief, Smith said.

## Enterprising Youths Aid American Red Cross

FREMONT — A fund raising project for contributions to the American Red Cross has been started by a neighborhood group of 6 and 7-year-old children who are too young to give blood or make contributions in other ways.

Peggy Marks, daughter of Mr. and Mrs. Robert Marks with Barbara Jo and Mike Abraham, children of Mrs. and Mrs. Jack Abraham, have set up a homemade pop stand. Miss Roberta Marks taught the youngsters how to prepare and serve the cold drinks.

The stand, on River Street, netted \$1.20 the first day.

## 200 at Golf Jamboree at Clintonville

## Driver of Car Cut When Board Smashes Through Windshield

CHILTON — A Green Bay man was cut by flying glass about 6 p.m. Thursday when a piece of lumber hurtled through the windshield of the truck he was driving on State 57 four miles south of here.

Glass splinters lodged in the left forearm and abdomen of Clarence L. Krohn, 36, Calumet County police said. He was advised to see a doctor.

Police said Krohn was headed south following a truck driven by Jack Thiermann, 27, route 2, New Holstein, when a two-by-four slipped off the Thiermann truck, skipped off the pavement and into the windshield.

Damage was estimated at more than \$100.

## Handicraft Emphasized In Clintonville Program

CLINTONVILLE — The second week of the seven-week summer recreation program began today at W. A. Olen park under the direction of Robert McMahon and Janice Schnorr.

Handicraft projects are being emphasized this year, and completed projects will be displayed in a store window later in the program. One afternoon a week is being set aside for special handicraft projects.

Handicraft work will include plaster of Paris models to be formed and painted, leathercraft, construction of lanyards and bracelets, popsicle stick projects and clay and sand modeling.

## Lutheran Congregation At Clintonville to Install Parish Worker

CLINTONVILLE — Willadean Channing will be installed as parish worker at the July 12 services in the Christus Lutheran Church.

Miss Channing will assume the office duties and will assist the Rev. Ralph Hanusa, pastor, in the areas of education, youth and visitation.

A congregational potluck dinner-reception will be held at noon in the parish hall, followed by a brief program.

## Water Skier Suffers Cut Finger in Mishap

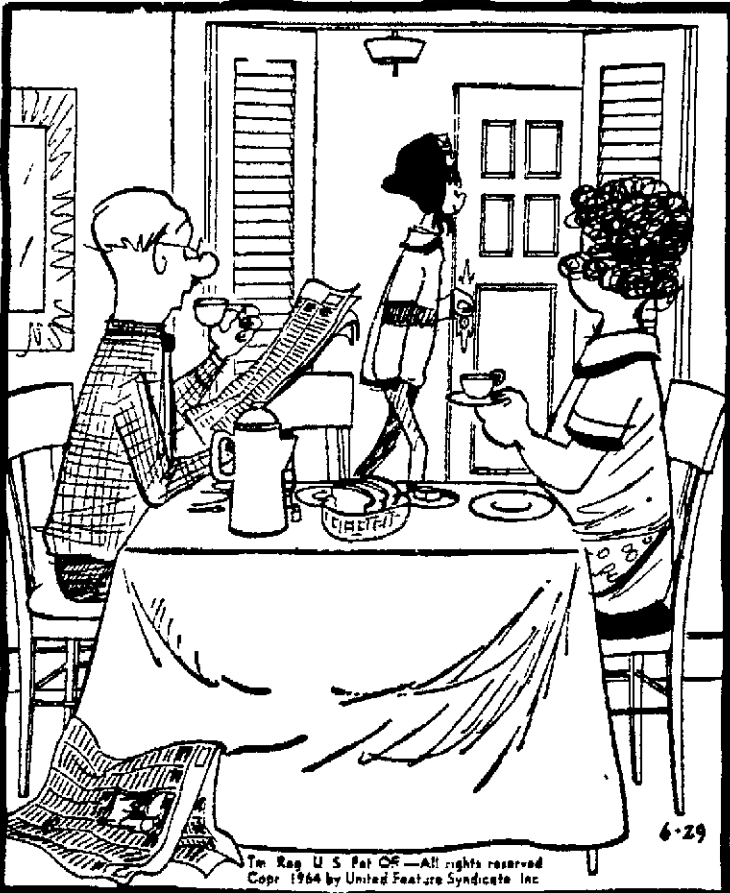

WAUPACA—Victor Novik, 20, route 4, Waupaca, suffered a severe cut to his little finger when it became entangled in a two rope while water skiing on the Chain O' Lakes, Sunday.

He was taken to Waupaca Riverside Hospital by Sheriff Loran Frazier and was released after treatment.

Novik told Frazier a ring he was wearing became caught on the tow rope and he was unable to let go.

## Embarrass Firemen Set July 4 Fete

EMBARRASS — Embarrass Volunteer Fire Department's July 4 celebration will be in the park Saturday, Pat O'Connell, chairman, announced.

Activities begin at 11 a.m. with ball games, contests, water fights, pony rides, children's rides and a dunking tank. The water fights will pit boys under 12 years of age from neighboring areas in competition for a traveling trophy.

Main event of the day will be a professional outdoor hootenanny, comprising some of the best acts in the state, according to O'Connell.

After the evening show, a fireworks display will climax the celebration. Special attraction Saturday night will be the crowning of the Clintonville Queen for the Waupaca County Fair Queen contest.

Prizes will be awarded in the evening. Lunch and refreshments will be available at the park.

## Tractor Catches Fire, Causes Little Damage

NAVARINO — The Navarino Fire Department made a run to the Norbert Hein farm Thursday, when a tractor caught fire.

The tractor had just been filled with gasoline and was being driven to a field when the fire started. Minor damage was caused to the tractor.

A National Community Standard

The United States Supreme Court, in two of three cases involving allegedly obscene material, has made a notable decision that goes far beyond determining the obscenity or lack of it of a particular publication or film.

The cases involved a Kansas state court order for the seizing and destruction of some 1700 books and magazines; the fining of an Ohio exhibitor for showing the movie *The Lovers*; the banning of two books in Florida, one of them the controversial *Tropic of Cancer*.

In the first case, the Supreme Court did not become involved in the contents of the material but merely ruled that the order was wrong because procedures followed in the issuing of the warrant for the seizure were constitutionally deficient.

But the cases of the movie and the books are bound to have wide repercussions because something new was added to the previous decisions on allegedly obscene material.

*The Lovers* was shown for several years in New York City without a protest but it was banned in Ohio. When an exhibitor defied the ban and showed the film, he was fined \$2,500.

By a six to three vote, the Supreme Court overturned the decision. The court viewed the film and said it was not obscene. It used as a guide the wording of the 1957 Roth case, "whether to the average person, applying contemporary community standards, the dominant theme of the material taken as a whole appeals to prurient interests."

But then the decision, written by Justice William Brennan, went another step. "The constitutional status of an allegedly obscene work must be determined on the

basis of a national standard. It is, after all, a national constitution we are expounding." Chief Justice Earl Warren was among the dissenters who felt that state or local standards should be the guide in each case.

What the majority decision really means is that from now on the United States Supreme Court will have the full authority to determine that which is or is not obscene as far as publications and films are concerned. State court decisions or local ordinances in opposition to court decisions will not hold. The various states, for instance, like both Illinois and New York, which have held that *Tropic of Cancer* is obscene, must now allow it to be sold.

Of course, this makes sense since it involves the interpretation of the First Amendment. Saying that Wisconsin residents may read one book and New York residents may view a different film has been patently ridiculous. And in these days of easy travel, it is unworkable as well.

But there are some more questions that the decision will raise. Is the United States Supreme Court going to determine other aspects of morality such as liquor and gambling laws? Presumably this could come about only if violations of the Bill of Rights can be proven.

Community customs of dress, church attendance and social life differ considerably throughout the United States. Generally such difference is healthy and the trend toward a conformity based on some sort of television image of the typical American is to be deplored. But the latest Supreme Court decision has said in no uncertain terms that small groups of righteous individuals cannot determine for each community that which members of the community may read or see.

A Lake Without Water

A plan for the state to spend \$350,000 to build a man-made lake in Governor Dodge State Park has stumbled over an almost unbelievable muddle of bureaucratic bungling at Madison. When the state building commission was reviewing the project recently it learned that there was no guarantee the lake would ever be filled with water.

The plan was to dam Mill Creek in the park to create the lake. The idea got started when the federal Soil and Water Conservation Service wrote to a state district fisheries man to determine whether there was sufficient flow of water in the creek to permit damming to build a lake. The fisheries man, who had no engineering experience, dropped a chip of wood in the creek, timed it, and wrote a letter in which he estimated the flow at six feet per second.

On the basis of his letter federal aid

was authorized and the project moved speedily forward. No engineering study ever was made. The Conservation Commission was impressed with the federal offer of aid. It did not know that it was all based only on the wood chip engineering survey. It approved the idea and forwarded it to the building commission.

At the building commission meeting a Conservation Department engineer, Laurence Mott, was asked what would happen if the dam were built. "You're going to have a stinkhole," he replied. He said state engineers had never before been asked for an opinion.

The federal bureaucracy works in wonderful ways. It is a great mystery how a project like this lake can be expedited so rapidly by one service of the government while so many really necessary projects lie dormant for years in government files. Like a new post office for Appleton, for instance.

Red China's Depression

There has been a considerable difference of opinion in recent years over exactly what are the economic conditions in Red China. On the one hand come tales of starvation; on the other rumors that things have greatly improved in the years since Chiang Kai Shek was run off the mainland.

Of course facts are difficult to come by in Red China because few outsiders are permitted to visit and in 1960 the Chinese stopped publishing annual agricultural production figures as well as industrial output. But Dr. Alexander Eckstein, Professor of Economics at the University of Michigan and a research fellow in the China Project of the Council on Foreign Relations, has made a solid attempt to relate what has been happening in China and why.

Eckstein has written "on the economic crisis in Communist China" for the quarterly magazine *Foreign Affairs*, published by the Council on Foreign Relations. And there is no question in Eckstein's mind but that China has been in serious trouble for several years.

"During its first ten years the Chinese Communist regime was singularly successful." Production rose about 18 per cent a year, steel output jumped about ten times and electric power, coal and cement almost as much. Consumer goods did not increase as fast but they did make some gains.

But "this rapid advance was dramatically reversed in the aftermath of the Great Leap. The marked decline of agricultural production in 1959 was soon followed by stagnation and contraction in industry. Thus economic development was brought to a standstill and since 1960 Communist China has been in the throes of a depression."

The critical bottleneck was agriculture, something that has failed in every Communist nation. But more than most, China's entire economy is dependent upon its farming, something Eckstein says is now being noted in a changed policy by the Red leaders.

But back in the late 1950's the policy makers blandly insisted that "ultimate economic development is a function of organization and attitudes as molded by ideology." So they casually ignored the lack of physical resources and capital and the backward technology. When their collec-

tivization of the farms in general succeeded pretty well without a peasant uprising, they carried their theories further into communes and mass mobilization of rural labor.

However, then the farm failures became more apparent. Eckstein says that the checks of expert opinions and local controls disappeared after the "hundred flowers" experiment which revealed a considerable amount of ideological opposition. The emphasis upon industry meant a heavier urban population. Bad weather, floods and droughts contributed to the woes and compounded the errors. Completely unrealistic goals were set but by 1960 the State Statistical Bureau stopped publishing the annual production results.

Despite the lack of official figures, Eckstein writes that it is pretty clear that the food crop production index dropped sharply and reached a low in 1962. The quality as well as the quantity of the food declined, nutritional diseases increased and military morale sank. However, there seems to have been no widespread famine although there were some local revolts.

Industrial production went downhill with the agricultural and perhaps much of the ground gained in the first ten years of Communist rule has been lost in the last three. China has become once again a grain importing nation. And its failure to have agricultural exports means an inability to import needed capital goods for industrialization. The removal of Soviet heavy industry also should be noted although its impact was probably not as great as the internally conceived errors.

The new policies of "agriculture first" however may be able to repair the damage. Eckstein feels. If efforts are successful in keeping down heavy industrial plans and incentives for agricultural growth are kept high, the new policies may recover the lost ground. But it should also be noted that no Communist nation has been able to keep pace with agricultural advances of the free nations. Whether the problem is incentives or the ponderous creaky gears of bureaucracy, every Communist nation has become more and more an importer of farm goods. If in China over all economic health depends upon the agricultural picture, it will be some time before there is a ruddy glow.

Chilton School Buses Should Be Sold to Non-Profit Group

Editor, Post-Crescent:

In Calumet County we still have a few people who are interested in the local bus transportation problem. This group composed of farm families and a few interested city residents, remember and recall the years when everyone could ride on the school bus (free) and to the school of their choice. (Only two years ago we did not pay).

Now without the support of a few city residents who are neither informed or care, over 1,000 families have been sold down the drain who could have benefitted from a sound program if given an opportunity, and possibly could have saved tax dollars for the entire community.

We personally feel our school board has done a fine job but only ask this question, if they sell the buses with the permission of the uninformed taxpayers and the bus law presented in a future referendum would pass, this would not solve our problem but create one of the biggest mistakes for our community and loss away our rights for free transportation which al-

most every rural person who sends his or her child to a parochial school in the Chilton school district is entitled to as a taxpayer.

Everyone paying taxes is entitled to benefits when you pay about 66 per cent of your personal property tax in school taxes, do you agree??

All the qualified electors of Joint School District No. 1 of the city of Chilton and towns of Brothertown, Charlestown, Chilton, New Holstein, Rantoul and Stockbridge, Calumet County and Town of Eaton, Manitowoc County are affected by this decision of selling the buses.

Even if the state law encourages the sale of the buses to solve this problem for the local school board, we proposed selling the buses on a conditional sales contract to a non-profit corporation stating in this contract if the referendum is passed the buses would revert back to the school district and free transportation would be available to all and not just public school students.

We feel private enterprise in purchasing the buses is okay,

if there are no parochial school children involved but if there is this should be scrutinized. What prevents a private carrier from raising his prices when a new contract year rolls around?? We also feel a non-profit corporation would operate more efficiently than private enterprise and expect no return on their investment such as interest returns and a large profit on the overall taxpayer.

Consider all sides and then listen to both sides. Remember that at one time some districts owned their own buses, besides schools and textbooks, etc. The time came when consolidation was put into effect and we surrendered everything and now the school board states our bus fleet is obsolete. Should obsolescence occur in our Joint School District No. 1???

This group closes with the final comment! If the buses are to be sold, sell them with the future in mind. Sell to a non-profit corporation.

Grant, Lee Matched Adversaries

100 YEARS AGO  
Quoted from the Appleton Crescent for July 2, 1864.

Day after day, week after week, the telegraph has been burdened with dispatches from Secretary Stanton, seldom telling us anything but of success; and yet, week after week, the mail has brought letters from the field to our city which have demonstrated that our losses have more than equalled any advantages we may have gained.

Just now we are trying to hold the railroads south of Petersburg, Va., the means of providing Lee's armies with their principal supplies. Our attacks upon Petersburg, however, have in every instance been repulsed with signal losses.

Of one thing the public may rest assured. Until Lee's armies are signally defeated, Richmond will not fall. Indeed, a siege will not be fairly commenced until that event takes place.

Grant, with all his skill, is matched at every step with the incomparable military genius of Lee and his subordinates, who have intertwined

the whole country around them with a network of defenses more extensive than ever before seen in modern warfare.

Grant is wonderful in resources and expedients, and we shall continue to believe that his enterprise, indeed, will succeed, if only it is not meddled with by those noodles at Washington!

Three Appleton youths passed their senior life saving tests after completing the 8-week course under George Klein at the YMCA. They are Edgar Thomas, James Miller and Robert Bailey. Klein, expert swimmer and instructor, was chairman of the life saving committee of the Red Cross.

The nine youngsters who passed their junior life saving included James Stumpf, Patrick and Warren Smith, Sylvester Mauthe, Marvin Berger, Vernon VanDinter, Wayne Mussett, Arthur Sauter and Edward Kerswill.

Edna Swentner and William Strange won the Doly Tennis

Club's mixed doubles tournament championship when they defeated Mark Catlin and Helen Peterson in the finals, 6-0, 6-2.

Seven Appleton persons who returned from a tour to the New York World's Fair included the Misses Beatrice Erdman, Zella Cousins, Colia Sommers, Esther Kurth, Patricia McKenney, Margie Hall and Mrs. Ida Minischmidt.

Mrs. Swed Elected by Democrats for Energy She Can Give to Party

BY JOHN WYNGAARD

MADISON—The rejection of Mrs. Vel Phillips as the Democratic national committee-

Wyngaard

her political career was as a spokesman for the Negro cause and as an example of the rise of the race in political affairs.

But as far as most of the diligent observers in the convention hall could ascertain, the question of race was not involved in her disappointment, except as she might have held some votes of Democrats who hesitated to turn her out of office because she is a Negro and because of emotional devotion to the civil rights issue.

Mrs. Abe Swed, also of Milwaukee, won the election for reasons that were as practical as they were visible. She out-campaigned and out-talked the soft-voiced, slow-paced Mrs. Phillips, and impressed most of the politicians of the party as probably a more energetic and therefore more effective spokesman for the cause of party organization work in the counties and in the precincts.

IMPORTANCE

The office of national committeewoman is not especially important, except as a symbol. The election of Mrs. Swed won a big display in the following news coverage because of the lack of other "hard" news at the unusually eventful and almost humdrum party rally.

In point of fact, Mrs. Swed will travel to Washington and elsewhere half a dozen times a year for meetings of the national committee and she will sit on the platform at party rallies during her term of office. She will be "Mrs. Democrat" of Wisconsin. But her principal function will be organizing women's clubs and speaking at women's luncheons. Management of party organization remains men's business.

The national committee has some involvement in the dispensation of party patronage and the collection of campaign

funds. But even the patronage function is an incidental one, with two Democratic senators and four Democratic congressmen holding office in this state. If the committeewoman is consulted on the appointment of postmasters and the many other functionaries who require political clearance, it will be in the form of her requested endorsement of appointments and promotions already cleared by others.

Mrs. Swed is a representative of the middle class and well-to-do, educated, articulate and energetic recruits who have come into the Democratic Party in late years to make what was once a tragically weak machine a formidable campaign instrument today. Some of the news stories described her husband, a Milwaukee merchandise broker, as "chief" fund-raiser for the party. He is not that. But he is one of the men without whose skilled financial solicitation the party would not have scored the surprising financial coups it has experienced in the last couple of years, and hence, without whom it might not have won some of the razor-thin and significant elections of the period.

FACTION?

Perhaps the most helpful fact to the Democratic organization as a whole in the election of Mrs. Swed is that the record makes it difficult to identify her as a member of either of the factions that have been competing for control of the party. That may have something to do with the modest importance of the national committeewoman's office.

Mrs. Swed defeated an incumbent who was the choice of Patrick J. Lucey, and at least indirectly, of Gov. Reynolds.

But Sen. Nelson, who has led an effort to reduce the power of the Lucey-Reynolds wing within the party organization, can scarcely be charged with responsibility for Mrs. Swed's promotion since his sister, Mrs. Carl Lee of Madison, was also a candidate on the convention floor. What Mrs. Lee was doing in that contest will remain a mystery. It may be that she was simply demonstrating that the Nelson people were also opposed to Mrs. Phillips, without necessarily being committed to Mrs. Swed and her campaign.

Shadow of Possible Guilt Affects Us All

BY SYDNEY J. HARRIS

"I sometimes wonder who people think they are," said the doctor, across the dinner table. "What do you mean by that?" I asked.

"I mean the people who come to me for a diagnosis, and when it turns out to be serious, want to know resentfully, 'But why should this happen to me?'

The doctor saw affronted pride as the cause of this common question. I don't see the same thing at all. It is, rather, what Alan Gregg has aptly called "the shadow of possible guilt."

In one of the Bampton Lectures at Columbia University a decade ago, Dr. Gregg remarked that "fear and guilt" about disease are nearly as prevalent today as they were in more openly superstitious eras. "Indeed, I have often marveled," he said, "that the human race ever issued from the quicksand of fear, the quagmire of guilt, and the slough of despair that superstition set in the way of the sick and the suffering."

When a patient asks, "Why should this happen to me?"

Harris

he is expressing the primitive feeling that disease is visited upon us by the wrath of the gods, whom we have offended. It is not a rational question: not addressed to the medical man, but to the medical man.

These atavistic remnants are still seen more clearly in our present attitudes toward mental disease. Although there has been some progress in our generation, there remains a widespread sense of guilt when a member of the family suffers a breakdown of this sort.

Feelings of "punishment," of "retribution," of "ancestral sins," are quite prevalent today, even among the presumably educated. Families are ashamed of retarded children (though not as much as before), as if some "bad blood" were responsible for the condition.

The human race labors collectively under a sense of "something gone wrong." Whether we call it, with the theologians, original sin, or some other and more modern name, the fact remains that we know that we are not as we were meant to be. We are not "the whole man."

It is this sense of being defective that gives rise to guilt. But, curiously enough, instead of feeling guilty about our moral or spiritual deficiencies (which would mean that we would have to do something about them), we deflect such emotions to the realm of the superstitious. Some mysterious power outside ourselves has visited this affliction upon us.

This thought offends us, frightens us, and yet gratifies us. We will do anything rather than change — even suffer physical punishment for some obscure crime we are not aware of. In this sense, superstition is the last refuge of the impenitent.

Final Action  
On Civil Rights  
Expected Soon

Slated to Go on  
President's Desk  
Before July 4

WASHINGTON (AP) — The House takes final congressional action on the civil rights bill this week as it pushes toward a recess in advance of the Republican National Convention.

The sweeping bill is slated for approval Wednesday or Thursday. Then it is to go to President Johnson's desk in time for a Fourth of July signing ceremony.

Ahead of civil rights on the House calendar is the annual foreign aid appropriations bill, which at \$3.3 billion has been cut less than any previous bill. Rep. Otto E. Passman, D-La., defeated in his own subcommittee on efforts to slash it more, will take his fight to the House floor.

The Senate takes up Wednesday the federal pay raise bill, which raises many categories of federal workers' pay, including a big boost for congressmen and senators. The House bill gave members a \$7,500 raise to \$30,000 a year.

Also slated for Senate action are a proposal to expand the federal food stamp plan, several annual appropriation bills and extension of the federal highway program.

Senate and House conferees meet today to work out a compromise in excise tax bills. The Senate bill included repeal of taxes on such items as costume jewelry, handbags and cosmetics and reduction of others. The House bill was confined to extending so-called Korean war temporary excises on auto parts, transportation fares and the like.

Master Spy in Background  
That Fateful Event in Sarajevo  
Occurred Just Fifty Years Ago

BY CARL HARTMAN

SARAJEVO, Yugoslavia (AP) — A crown prince with some Hand. His cover name was startling political ideas—a feverish boy fanatic, manipulated from the shadows by a mysterious spymaster—shots from a little automatic.

Did they start World War I? Or would it have come anyhow, whether the Archduke Franz Ferdinand was murdered on that sunny Sunday morning 50 years ago.

Historians argue the point. Some say the rivalries of the great powers made the conflict inevitable. Others contend that European statesmen had been handling incidents like this for 40 years without a major war, and given a little less stupidity they might have handled this one too.

Unsolved Mysteries

Some of its mysteries still are unsolved.

Start with Col. Dragutin Dimitrijevic, chief of both the Ser-

bian military intelligence and the conspiratorial "Black Hand." His cover name was startling political ideas—a feverish boy fanatic, manipulated from the shadows by a mysterious spymaster—shots from a little automatic.

He wanted to eliminate Franz Ferdinand, heir to the 34-year-old Emperor Franz Josef of Austria-Hungary.

Why? That's one of the mysteries. Apis said later it was because Franz Ferdinand was head of the war party in Austria-Hungary, and killing him was a way of forestalling an attack on Serbia, then an independent nation and now part of Yugoslavia.

Little Sense

This makes little sense. Franz Ferdinand's murder was used by the Austrians as the excuse for an attack on Serbia, and there were many more eager for war than he had been.

A better guess: Franz Ferdinand had some idea of giving his own Serb subjects more self-rule. That might have cooled off their enthusiasm for breaking loose from Austria-Hungary and joining Serbia, an enthusiasm Apis was most eager to keep warm.

Nor would it have pleased Gavrilo Princip, a frail but fiery Serb of 19 from Austria-Hungary's province of Serbia. Apis supplied him and his fellow conspirators with automatics and grenades, got them some target practice and had them smuggled across the border from Serbia back to Bosnia and its capital, Sarajevo.

Princip was a sensitive, idealistic young man. He had a small black moustache, some talent as a poet, fair aim with an automatic and an advanced

case of tuberculosis. He and his friends felt that in murdering Franz Ferdinand they were striking a blow for freedom.

"Aside from their compulsion to commit treason and murder," says an American historian, "they were really good and kindly fellows."

Their plan was simple. Franz Ferdinand, his wife and a small entourage — in Sarajevo for a civic function—were driving in six open cars along the Miljacka River, which flows through the city.

After a reception at City Hall the cars were to drive back along the river and through the main streets. The half-dozen conspirators stationed themselves at likely points along the river.

Threw Grenade

As the procession passed near the Zrinzki Bridge a young printer named Nedjelko Cabrinovic threw a grenade. It bounced off the folded back top of the archduke's car and exploded in the street, wounding several bystanders and two of the archduke's aides in the next automobile.

The archduke's wife was scratched on the face by a splinter.

At the reception, the archduke had decided to cancel the drive through the main streets and visit one of the wounded aides in the hospital. But nobody told the chauffeurs.

Started Back

The cars started back along the river. When they reached the street called Franz Josef Gasse, the driver of the lead car started to turn in toward the center of the town.

"Not that way, you fool—straight ahead!" shouted a general riding with the archduke.

The order brought the little column to a halt just in front of Moritz Schiller's fancy grocery store, where Princip was stationed. He stepped to the curb and fired at a range of Cabinet

less than 10 feet, killing both the archduke and his wife. It seems ancient history now, even in Sarajevo, where the quay along the Miljacka looks much as it looked half a century ago.

The old City Hall serves as a library with an exhibit on the ground floor glorifying Yugoslav President's Tito's struggles in World War II.

Schiller's grocery has been turned into a museum which subordinates Princip to the activity of an organization called "Young Bosnia." The official feeling is that emphasis on Princip and Apis tends to saddle the guilt for World War I on the founders of Yugoslavia, and to give too much importance to the Serbs at the expense of other national groups in the country.

Princip's fame has faded in the publicity given to his nephew, Slobodan Princip, a guerrilla who died fighting the Germans in World War II. In Belgrade, a school has been named for Slobodan. There is no similar attempt to keep Gavrilo's memory green.

But in Sarajevo, there still are people who remember the day vividly.

History Teacher

One who remembers is a tall, ruddy-cheeked history teacher of 68, now retired. Vojislav Bogicevic has become the city's most devoted historian of the conspirators, several of whom were his schoolmates. He was standing next to one—Cvijetko Popovic—when Cabrinovic threw his grenade nearby, and he was on the spot within a few minutes when Princip fired the fatal shots.

Bogicevic won't say now whether he was in on the plot himself, but he does admit: "If they had offered me a gun, it would have been hard to refuse."

Popovic is still alive, head of the ethnographic section of the Bosnian National Museum in Sarajevo, but he refused to talk to strangers. So does another of the conspirators named Vaso Cubrilovic who—like Popovic—failed to throw his grenade. He became a professor of history, very store, where Princip was stationed. He stepped to the member of President Tito's curb and fired at a range of Cabinet

FACSIMILE BALLOT NOTICE OF  
SPECIAL REFERENDUM ELECTION

To the electors of the Village of Combined  
Locks, Outagamie County, Wisconsin

Office of the  
Village Clerk

Notice is hereby given that a special referendum election is to be held in the Village of Combined Locks on Tuesday, the 7th day of July, 1964, at the Combined Locks Pavilion, and the polls at said election shall open at 8:00 AM and close at 7:00 PM, at which the following question will be submitted to the electors thereof. The question submitted to a vote is given in the sample ballot below.

INFORMATION TO VOTERS

The following instructions are given for the information and guidance of voters:

(a) A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk, which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner what to vote for.

(b) A voter may vote upon a question submitted to a vote of the people by making a cross (X) or mark in the square at the right of the answer which he intends to give.

(c) The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter.

(d) After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place.

(e) A voter, who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of two (2) election officers in marking same, to be chosen by the voter; and if he declares that he is visually handicapped, he may have anyone assist him in marking his ballot or operating a voting machine. The presiding officer may administer an oath in his discretion, as to such person's disability.

(f) The following is a facsimile of the official ballot:

Dear Dr. Molner: What causes me to yawn all the time, or to take deep breaths.

Could my metabolism be off balance? I had a chest X-ray and the result was fine. I'm not short of breath. But I am a little overweight. — M. K.

What makes Dr. Molner people yawn? Or have to take a deep breath once in a while? The deep breath is really a sort of slow-speed yawn. And a real yawn is a concentrated deep breath.

Physiologically, a yawn results when there is a relatively high amount of carbon dioxide in comparison to the amount of oxygen in your system.

This doesn't necessarily mean that anything is wrong, of course. Babies yawn. Animals yawn. They lie quietly and don't breathe very hard. Eventually the oxygen-carbon dioxide balance becomes such that they need to correct it. So they yawn, meaning that they take a deep breath, exhale, then go back to ordinary breathing.

If you are sleepy and tired, you yawn. Why? Because you haven't been active, and you haven't been breathing very vigorously. Can you imagine a baseball player, up at bat, stopping to yawn? Of course not! He's keyed up, and all his physical responses have been extra-active to respond to his emotional desires to get a hit.

**Boredom Effect**  
Boredom also makes you yawn. When you are bored, you slow down physically to suit your mental attitude. This, indeed, is a considerable part of what we mean by the word "psychosomatic." The way we feel has a great deal to do with the way we act, or react.

For whatever reasons, yawns are contagious. Somebody else yawns, and pretty soon you do. I suppose that this is a normal response to dull or tiring situations. Everybody feels logy. One person finally gives way to his automatic desires and

yawns. So the cork has been pulled. Other bored people, who have been trying to stay interested, yawn, too.

It is quite conceivable that low thyroid activity can have its impact on yawning. This means low oxygen consumption. Therefore a chronic yawner might well find it in order to have some metabolism tests.

**Chronic Yawning**  
One yawn doesn't mean anything. Nor a dozen yawns. But chronic yawning may mean that your metabolism is below par, and that you consequently are bored and languid.

Or you may, for such combinations of circumstances as I cannot easily reconstruct, be different and bored and so have lowered metabolism.

Or for that matter there may be a connection between being overweight and being both unduly inactive and more than

duly bored.

You'll have to take it from there.

Dear Dr. Molner: I read your recent article on cortisone. Can you enlighten me on scleroderma, or "tightening of the skin"? — MRS. M. R.

Scleroderma is one of the collagen diseases, that is, involving fibrous structures of the body. It can appear in different forms. In the case of the skin, it thickens and becomes pale and tight. Arthritis often but not always accompanies this.

Cortisone or one of its derivatives is the chief treatment. Worried Mother: I wish I knew how to put a stop to this, but it still keeps on. Salesmen continue to tell the wheezy old story that aluminum cooking ware is harmful, so they can sell new pots and pans. Well, aluminum is not harmful.

Headaches! You can beat them. Write to Dr. Molner in care of Appleton Post-Crescent for a copy of the booklet, "How To Tame Headaches." Please enclose a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner is interested in all his readers' questions, and whenever possible uses their questions in his column, but because of the great number received daily, he regrets that he cannot answer individual letters. (Copyright 1964)

## Shares Touch High Ground

Moderate Trading On Exchange in Early Afternoon

NEW YORK (AP)—The stock market pushed into new high ground early this afternoon.

It was continuing an advance that carried the averages to historic peaks Friday.

Trading was moderately active. Airlines, electronics and farm implements posted gains.

Steels weakened after having been ahead at the start. Trading was very heavy in the newly split stock of American Telephone. The issue gained more than a point and then eased slightly.

Sperry Rand also was actively traded and gained about half a point.

Specialty issues were generally ahead with IBM adding 2 points and Xerox 1.

The Associated Press 60-stock average at noon was up

2 at 311.7 with industrials up .4, rails off .1 and utilities up .2. The Dow Jones average of 30 industrials at noon had gained 0.70 to 831.69 but its advance was halved about midday.

Wall Street brokers said only a few loose ends remain to be tidied up in the market before a solidly bullish technical picture of the market can be presented.

A fractional gain by General Motors evaporated and the issue showed a loss of nearly a point. Chrysler was down about half a point while Ford held onto a small gain.

U.S. Steel was off slightly while Bethlehem Steel and Republic Steel posted slight advances.

International Harvester and Caterpillar moved ahead slightly.

Prices were higher in moderate trading on the American Stock Exchange.

## NOTHING TO SELL YOU ... BUT SERVICE!

Folks don't generally know that many stockbrokers mix their business of being an advisor-agent for customers with their business of underwriting or buying and selling securities for their own account. Our firm is purely a stockbroker.

We Do Not Underwrite New Securities

We Do Not Own Securities for Sale to Others

We simply act as agent in the purchase and sale of securities for our customers. That is why you can rely upon our advice to be always unbiased. One important reason why you should do business with us is that you know you are dealing with a broker who has nothing to sell but service.

Cooke, the head of the Scranton forces in Hawaii.

Cooke, asked later what the two had talked about, said, "We agreed that Bill Scranton has an excellent chance to win the GOP nomination."

Before leaving Hawaii, Lodge said he planned to stay in Washington two days. He said that in addition to the President he will meet with Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara, Gen. Maxwell D. Taylor, his replacement as ambassador, and Gen. Earle G. Wheeler, who re-

places Taylor as chairman of the Joint Chiefs of Staff.

Lodge said he did not know when he would meet with Scranton.

**Given Big Sendoff**

The retiring ambassador was given a flag - waving, cheering sendoff when he left Saigon Sunday. About 7,000, many of them Buddhist school children, turned out to shout farewell to Lodge and his wife.

As thousands of Vietnamese and American flags fluttered in the bright sunlight, a spokesman for the crowd and the government read a brief address praising Lodge for his stand "against the oppression of Buddhists by the Ngo Dinh Diem regime."

Many of the flags were Buddhist emblems.

The farewell address indirectly chided the United States for having supported the Diem regime for nine years, and expressed hope that Lodge's successor would continue his policies.

Friends may call at the Kircher Funeral Home, New London, after 2 p.m. Tuesday until 10 a.m. Wednesday, and then at the church until time of services.

One other state drowning occurred on the same lake.

David P. Lato, 14, of Chicago, lost his life Sunday in Rock Dam Lake, in Clark County, when he stepped into a dropoff while wading.

Frank A. Govek, 17, of rural Willard drowned in the same lake a few hours later while swimming with friends.

Joan Gunnlaugsson, 14, of rural Beloit drowned Sunday in Turtle Creek at Shopiere, Rock County, while swimming with members of his family at a picnic.

Jerry Huff, 17, of rural Oxfordville, drowned while

swimming Sunday in the Sugar River near Brodhead.

Lawrence R. Edelburg, 35, of rural Green Bay, drowned late Sunday in a boating accident. Edelburg and two other persons were tossed into Green Bay when the motor killed and waves tipped the boat backward in about 12 feet of water. He was the father of five. The body was recovered about 11:30 p.m.

Leroy C. Vallier, 6, of South Milwaukee drowned Sunday in Pewaukee Lake near Pewaukee amidst hundreds of bathers at the public beach.

George Griffin, 34, of Chicago, lost his life Saturday night in the Wisconsin River when a boat overturned as he and two companions fished near Castle Rock Dam.

Sandra Smith, 14, of West Liberty, Iowa, drowned Saturday in the St. Croix River off Glen Mott Point south of Hudson.

Donald Nogare, 6, of Lomira, drowned in that community's public pool on Saturday as he and an older brother were swimming.

## Nelson Proposes Draft Halt When Law Has Expired

WASHINGTON (AP) — Elimination of the military draft by 1967, when the present law expires, was proposed today by Sen. Gaylord Nelson, D-Wis.

The draft, which will be taking an average of less than 100,000 men a year from a pool of more than 12 million, Nelson said in a prepared Senate speech, is unjust, unfair, uneconomic and unnecessary.

Noting that President Johnson recently ordered a Defense Department review of the draft system, Nelson urged a full study be made which would present Congress with a detailed alternative to the military draft.

Nelson said the both Britain and Canada have already eliminated the draft. He added the United States could follow suit, making the military an all professional voluntary organization.

Changes suggested by Nelson to bring this about include: Increase military pay and other incentives to enlist. Reduce military manpower needs by using civilians wherever possible.

Induct thousands of technically unqualified men who wish to enlist.

country's historic pledge to the rule of law."

Speaking as much about civil rights as the quest for international peace, Johnson said:

"As a president of the United States, and as an individual citizen, I stand totally committed to the integrity of justice and the enforcement of the law."

Johnson said the United States is pledged to "abide by the law and accept its settlements . . . to submit to courts and be satisfied by court decisions . . . to respect, uphold and obey the law of the land."

If anyone takes a grievance or dispute into his own hands, Johnson said, "the safety and freedom of all is imperiled."

Speaking specifically of racial unrest, Johnson said:

"Today, the key to peace in our own land is obedience to the great moral command that no man should deny to another the liberties the Constitution creates, as the law defines those liberties."

Johnson flew to Minneapolis Saturday afternoon from Detroit and, that evening, addressed a Democratic fund-raising dinner.

**Civil Rights Vigil Held by CORE in Front of White House**

WASHINGTON (AP) — Several hundred pickets from the Congress of Racial Equality held "a vigil for Mississippi freedom workers" in front of the White House Sunday night, holding lighted candles and chanting, "We shall overcome."

On a separate part of the sidewalk, 15 pickets from the American Nazi party paraded, carrying the American flag, the swastika of Nazi Germany and placards that read, "Who needs niggers?" and "Send troops to New York to protect white victims from black crime."

There was no word on whether President Johnson, who had returned to the White House earlier from Minneapolis, watched any of the picketing.

## Condition of Shastri Good, Report Says

NEW DELHI, India (AP) — Ailing Prime Minister Lal Bahadur Shastri was reported in generally good condition today but more of his official schedule was canceled.

For the first time there was a public suggestion that the 59-year-old prime minister, who reportedly was stricken with a mild heart attack Friday night, should delegate some of his responsibilities.

The Times of India said no prime minister can afford to do without a full-time foreign minister, as Shastri does. The paper called for "a more liberal delegation of responsibility."

Shastri, like his predecessor, the late Prime Minister Nehru, retained the foreign minister's portfolio when he formed his government. He also serves as minister for atomic energy.

A government spokesman issued this statement on Shastri's condition: "The prime minister's temperature is near normal now. He slept well last night. His general condition is good and he is cheerful."

## Norse Welcome Khrushchev as He Starts Visit

OSLO, Norway (AP) — Soviet Premier Khrushchev arrived today in Norway, a country solidly committed to the Atlantic alliance and more interested in topless swimsuits than in Soviet-Norwegian relations.

A ragged cheer went up from a crowd in front of the Oslo City Hall as Khrushchev, bareheaded and looking rested after his two-day sail from Sweden, stepped ashore.

Norwegian Premier Einar Gerhardsen, who says Khrushchev's five-day visit has absolutely no political significance, greeted the Soviet leader on the last leg of his Scandinavian tour.

"I am glad your visit finally has been arranged," Gerhardsen told Khrushchev. Earlier visits were called off because of hostile newspaper comment.

The Norwegian premier has described Khrushchev's trip as "nothing more than a good will trip to return the visit I made to the Soviet Union in 1955."

# Bungled Planning for Artificial Lake Example of 'Signal Mixing'

BY JOHN WYNGAARD  
Post-Crescent Staff Writer

MADISON — The most exaggerated instance of bureaucratic signal mixing that has turned up in the state capitol in years involves the bungled planning for the creation of a new artificial lake within Gov. Dodge State Park in southern Wisconsin.

The conservation commission recently voted to approve the project as a joint enterprise with the federal soil conservation service which is interested in flood control. But the commission evidently didn't bother to consult with its own engineering department and took the word of the federal engineers about feasibility.

When the project came before the state building commission for routine approval in the ordinary course of affairs, Gov. John W. Reynolds, presiding, asked the conservation department's chief engineer for comment. He had plenty of comment. He denounced the project as impracticable and wasteful.

A flood control project and a recreational lake are intrinsically incompatible, he said. A flood control pool to be effective must be empty. A recreational lake to be useful must be filled with water, at a steady level, he explained patiently.

The commission then consisted the project to the mercies of a subcommittee which had recommended against endorsement of the project in the first place.

Dollars contributed to the state Democratic campaign this year will perform more work than in any other recent year.

In a generally unreported detail of the recent Democratic state convention, Chairman Louis Hanson of the state committee reported he has made a new agreement with the party's national headquarters that will authorize him to keep Wisconsin campaign contributions at home, for duty in the Wisconsin campaign.

In most previous years, a substantial portion of the state party's collections were sent to Washington for general national campaign financing and for subsidies of candidates in more likely states, on the assumption that Wisconsin was Republican territory where Democrats would make only nominal efforts.

The idea of paying unemployment compensation benefits on behalf of the dependents of unemployed workers, long resisted in the Wisconsin legislature, is showing significantly increasing support.

To the considerable surprise of everybody involved, the idea recently won a vote of endorsement by a subcommittee on health and welfare of the celebrated "gold ribbon committee" which is examining state fiscal problems under a direct mandate of the state legislature.

The evident appeal in the plan is the availability of federal funds for economically distressed persons who would otherwise be claiming "relief" at the cost of state and local government tax budgets.

A growing loophole in the state's celebrated anti-secrecy law governing the operation of governmental affairs generally is the belief of judges and the court system in general that there is a blanket exclusion from their operations.

A Milwaukee judge who presides over the periodical conferences of the trial judges there has threatened to expel reporters who report what goes on. Auxiliary agencies of the state court system claim the right to conduct their affairs in secret.

The other day the State Supreme Court adjourned to chambers to consider the petition for professional reinstatement of a suspended lawyer, although his original disbarment had been handled in public proceedings.

The question is whether those sponsors who so effectively put over the idea of public rights to information about the administrative and legislative branches of the government will choose to raise the question in judicial matters now directly related to judicial deliberation.

One of the curious developments in statehouse regulatory policy recently was the decision of the Public Service Commission against the application of a group of dairy farmers who wanted to organize a cooperative for purposes of qualifying as a contract milk hauler.

The decision came in the face of long-standing state preferential policy toward the cooperative form of economic organization. The petitioning farmers said they are now powerless against price increases charged by state licensed contract haulers.

The public service commission, meanwhile, recently had ruled against petitions from other milk farmers for a system of state price control over contract hauling fees similar to the price regulation of the common or public for hire carriers.

Zelinske noted that for the most part the general public does not have access to the hunting and fishing lands within the county except as they are permitted by the Indian corporation, because the lands are privately held. The Indians have their own arrangements for prosecuting trespass, he said.

Meanwhile regular state wardens stationed on the edge of the county and normally involved in patrols of Langlade, Shawano and Oconto counties, will be at work within the reservation trying to prevent violations by the county residents.

Three-Year Protest  
The court decision concluded a three year protest by some members of the Indian community against state enforcement jurisdiction, on the claim that their ancient treaty rights under compact with the U.S. government have been violated.

Zelinske said there will be no special drive within the former reservation, and that his field men will continue their emphasis upon education and persuasion as they have during the last several years.

"We will meet with the officials and the leaders of the community and they will pass the word down that we are right and that the laws must be observed," he said.

Field Wardens to Meet With Community Officials, Continue to Stress Education

Post-Crescent Madison Bureau  
MADISON — The state conservation department expects no special difficulties in obtaining reasonable compliance with state fish and game regulations within new Menominee County, inhabited mostly by former members of the Menominee Indian tribe.

Chief Warden Walter Zelinske says Zelinske commented in the wake of the U.S. Supreme Court's refusal to act on the petition of three Indian residents of the county for a review of the decision of the Wisconsin courts that the Indians, like all other Wisconsin residents, must obey the state fish and game rules because their tribal status has been terminated.
